Development Today Jeffrey L. Lant,1993

Beyond Identities in Modernity Yunrui Deng,2024-11-08 This book argues that future generations of modernity as a whole will shape participatory modernization whether Chinese modernization or Western modernization The public discourse is inundated with the good and the bad modern events with the acceleration of globalization This book debates that the biggest question in the twenty first century is not who will dominate touting a new world order upon us but rather that it is the orientation of modernization that haunts our daily realities This book explores the idea that life is not about living for an identity in any society it is about the demands for dignity and safety It goes further to state that there is also a demand for the power of being and these three elements are beyond identities as modernization moves forward Interdisciplinary in nature the book uses theories data and philosophy as toolboxes to align with microworlds around the globe Witnessing modernization and modernizing identities in China and in Australia beyond day by day the author provides a more suitable more realistic and possibly more nuanced perspective This book will be of interest to professionals students academics as well as businesspeople with China experience interested in modernization and identity the Chinese perspective and the new generation of Chinese
