**Emergency Medicine: A Comprehensive Study Guide, 8th edition** Judith E. Tintinalli, J. Stephan Stapczynski, O. John  
Ma, David M. Cline, Garth D. Meckler, 2016-03-22 The most widely used and highly regarded textbook and reference of  
emergency medicine Endorsed by the American College of Emergency Physicians The 8th edition of Tintinalli's Emergency  
Medicine provides the depth and breadth of coverage that reflects the complexity and expertise needed to practice  
emergency medicine successfully in today's fast paced environments It is an important contemporary clinical emergency care  
resource for physicians NPs and PAs who practice emergency medicine and for emergency medicine and pediatric  
emergency medicine fellows It remains the preferred study guide for in training and board examinations and recertification  
NEW to this edition Full color design with more tables than ever to succinctly present key information Extensive updates to  
all sections incorporating the latest guidelines evidence based protocols and relevant research Expanded pediatric section  
with complete clinical information for general and pediatric emergency physicians Expanded coverage of common emergency  
department procedures with improved illustrations Online access to more than 30 videos covering a wide range of procedural  
and diagnostic topics and focusing on the latest ultrasound guided techniques From the reviews of the seventh edition  
Collectively they have once again produced an excellent text that manages to cover the broad scope of emergency medicine  
while remaining an easily readable and practical resource Last for the inevitable comparison of this current edition of  
Tintinalli's Emergency Medicine with other available emergency medicine textbooks available in my opinion Tintinalli's still  
comes out on top It is more concise and easier to read than some yet it covers the breadth of emergency medicine practice  
more comprehensively than others Just as previous editions did the seventh presents all of the most pertinent and up to date  
information in a well organized format that is comprehensive yet easy to read That and many of the attractive new features in  
this current edition will ensure its place on my bookshelf for years to come JAMA
