NetSuite offers an integrated application that wraps all the essential information technology needs: ERP, CRM, HR, customer service, ecommerce, warehouse and inventory management and project management into one tidy application. NetSuite For Dummies is for NetSuite customers, anyone thinking about becoming a NetSuite customer or anyone with a NetSuite test account. What you need is a simple guide for getting around the program and becoming familiar with its customizable features. This book provides both a comprehensive overview of NetSuite and in some sections detailed instructions on specific topics. It provides a succinct and somewhat lighthearted summary of NetSuite in plain English without the jargon but with a few tricks and tips and plenty of examples along the way. Inside you'll discover: An overview of the NetSuite basics plus guidance on customizing it to meet the needs of your business. How to track money from invoicing and managing receivables to paying bills and taking inventory. How to hone your company's marketing efforts. The importance of sales force automation and turning leads into customers. Details on fulfilling and shipping orders, providing services and project management. Ways to improve partnership relationships. How to support customers with excellent customer service. The type of site that's best for you in NetSuite. How to get it to match your company image, maximize your

exposure and more. None of that means anything if you can't measure your success so you'll also learn to customize your dashboard to see the metrics and reporting you need to see and analyze. NetSuite For Dummies also provides ten tips for a successful NetSuite implementation, answers to frequently asked questions, and bonus chapters online with information about scripting customization and setting up your Web site. Get your copy today and learn everything about NetSuite you need to get the most out of your workday.

Xero For Dummies Heather Smith, 2017-06-06 Take your books to the cloud with the ultimate guide to Xero. Xero For Dummies is your one stop resource for working with this revolutionary accounting software. Whether you're brand new to Xero or converting from another program, you'll get up and running in a flash if you're already using Xero. This book will show you how to take advantage of the software's full functionality. Easy to use and deceptively powerful, Xero is so much more than a spreadsheet: manage inventory, simplify accounts, and organise suppliers, customers, and more. Automatic imports, intuitive coding, and seamless synching across multiple business platforms gets the paperwork done quickly so you can get back to running your business. This new third edition includes coverage of the newest features, including updates on payroll, purchase orders, reporting, and inventory, so you can optimise your system to help your business thrive. Xero's cloud-based single ledger accounting system is user friendly and efficient, but expert guidance will help you get the absolute most out of the software's features and functionality. This book shows you every nook and cranny, with screenshots and best practices so you can let Xero handle the books while you focus on running your business. Fine tune your set up or convert from another accounting program. Manage daily activities with contacts, accounts, sales, and payables. Master weekly and monthly reporting routines. Track inventory, monitor your business, and get the most out of Xero. You didn't start your business in order to become an accountant, but bookkeeping is critically important to the short and long term health of your company. Xero simplifies the process and saves you time, and Xero For Dummies helps you leverage every feature Xero has to offer. In addition to the book, visit www.dummies.com/go/xerofd3e for an online-only appendix you can download for free, which gives you all the info you need to master your payrun.
