The Server Training Manual was developed as a simple guide to help the small independent restaurant manager to easily train their serving staff. This book will teach the serving staff the proper way to take and deliver orders, how to work together as a team, as well as the best way to handle complaints. It will give your staff the basic training to help them offer your customers the excellent service that will have them coming back time and time again. And you know that good service is a very big part of your business.

The Encyclopedia of Restaurant Training
Lora Arduser, Douglas Robert Brown, 2005. Book CD ROM. Training is an investment for the future, the only foundation on which success can be built. Training delivers excellence in product and performance, elevating a good restaurant into a great one. Training will keep the skills of its employees and management sharp. But in no other industry is its absence or presence as obvious as it is in the food service industry. It is hard to find good qualified employees and even harder to keep them. In addition, unemployment levels are low and competition for qualified workers is tough. What's the answer? Training. Constant training and re-enforcement keeps employees and management sharp and focused and demonstrates the company cares enough to spend time and subsequently money on them. And that's precisely what this encyclopaedic book will do for you, be your new training manager. The first part of the book will teach you how to develop training programs for food service employees and how to train the trainer. The book is full of training tips, tactics, and how to's that will show you proper presentation and how to keep learners motivated both during and after the training. The second part of the book details specific job descriptions and detailed job performance skills for every position in a food service operation, from the general manager to dishwasher. There are study guides and tests for all positions. Some of the positions include General Manager, Kitchen Manager, Server, Dishwasher, Line Cook, Prep Cook, Bus Person, Host, Hostess, Bartender, Wine, Alcohol Service, Kitchen Steward, Food Safety Employee, Safety, Hotel Positions, etc. Specific instructions are provided for using equipment as well.
