Once Upon a Time Traveler Joshua Light, 2014-11-11 Three brilliant scientists harness the power to fold time and visit the past and future like a common tourist One scientist formulates a tour of Biblical events because he believes in God but the tour is reluctantly and accidentally traveled by a scientist who does not What will unbelieving eyes see and how will they interpret the most significant supernatural events of all time The tour embraces world history from the beginning of creation and into the future where Biblical prophecy tells us that dangerous people will control the whole world countless millions of people will evaporate and society will plunge into darkness What if a time traveler visited just two years into the future after the Biblical Prophetic clock has already started ticking And then catapulted into the past where Earth is like another planet entirely What kind of world and what kind of tribulation would he find And as an unbeliever how would he respond to it Light deals with the issues of Biblical prophecy recent young earth creation a literal and startling twist on how things were and how things will be Set aside the notions of being left behind and embrace the idea of being brought along in the circuits of Earth's end to end timeline Enter a future we'd rather forget and a history that nobody remembers
