One Essential Writings On Nonduality:

One Jerry Katz,2025-09-12 This book compiles the most lively expressions of nonduality which are the understanding that existence is one undivided whole and that the daily distinctions we make within this unity are useful but not ultimately true The book conveys in a nonacademic style what nonduality itself is including lively challenging diverse passages from the major traditions of Buddhism Taoism Hinduism Christianity Sufism Judaism Taoism and Native American Tradition You ll also read about the nondual perspectives of psychotherapy art education and the movie The Matrix The core of the book is two chapters on the teachings of Ramana Maharshi which were edited specifically for this work by David Godman and approved by Sri Ramanasramam Covering many traditions and backgrounds this collection is an excellent foundation for a study of nonduality

Beyond the 'I' Dhyan Dewyea,2007-09 The road to awakening is fraught with many hazards dangers as well as incomplete liberations Dhyan Dewyea writing from years as a spiritual explorer has marked the terrain and noted the milestones creating a handy and useful road map for those who are embarking on or are already following the path This book is wise and necessary medicine for the journey to oneness Chris Dube Urban Mystic Books Editor

Life Beyond Belief

Alice Gardner,2008 Learn how everyday life can be your most vital spiritual practice no matter what your religion or tradition This book crosses all of the spiritual and religious boundaries through the commonality of our everyday experience It is a deeply personal book giving a down to earth account of the experience of spiritual awakening and the process of bringing awakening into each moment

Philosophy and Mysticism in the Islamic World Reza Hajatpour,2025-11-07 In the quest for true knowledge mysticism goes one step beyond philosophy While philosophy and mysticism are considered two distinct disciplines with their own methodological approaches in the history of Islamic thought their metaphysical concepts reveal significant points of intersection Their convergence follows an inherent logic In many Muslim circles the methodological differences between the two are not regarded as an irreconcilable opposition Philosophy seeks knowledge through rational reflection whereas mysticism deepens these insights by experiencing them in a transcendent state of consciousness The French orientalist Henry Corbin d 1978 argued that Islamic philosophy found its true purpose only after Averroes Ibn Rushd and especially with the Isfahan School and adr ad D n Mu ammad Sh r z known as Mull adr d 1640 within the tradition of spiritual intellect in Oriental wisdom This school of thought is also referred to as Oriental theosophy A central question in this context is whether this form of philosophizing in Corbin s sense should be understood as a departure from rationalist tradition and a return to a spiritual mode of thinking or whether as Pierre Hadot d 2010 put it philosophy is not merely a particular way of viewing the world but rather a way of life In this understanding philosophizing does not simply mean speculating analyzing or theorizing but rather leading a consciously reflective life Whether Islamic philosophy adheres strictly to rational inquiry or transcends rationality to serve the mystical wisdom tradition ultimately depends on how philosophy is perceived within Islam and what role mysticism plays in this context This edited volume examines the complex

relationship between these two domains of human thought and way of life through concrete examples from the history of Islamic intellectual traditions. It not only elucidates the ways in which philosophy and mysticism are interconnected but also delineates the precise boundaries of their connection. The contributions in this volume explore both dimensions from various perspectives highlighting their mutual influence and the intricate relationship between philosophy and mysticism.

Ripples In The Lake Of Eternity Colin Drake, 2015-11-21 The aim of this book is to act as a stand alone guide to and practices for realizing and loving the Source Pure Consciousness and is composed of new articles and replies to questions since the publication of *The Simplicity of Awakening*. The thrust of the book is that the initial awakening which reveals that in essence we are Pure Awareness is very simple to obtain. This needs to be established by repeated awakenings due to the natural tendency to nod off and re-identify oneself as a separate object in a universe of separate objects. When one is awake then anxiety and unnecessary mental suffering disappear for these are caused by misidentification which causes us to see the world through a murky filter of self interest concern promotion aggrandizement loathing the list is almost endless. It is this that causes the anxiety and mental suffering based on concern for the future and feeling we are bound by the past. The book also contains practices for developing and feeling love for the Absol.

The Book of One Dennis Waite, 2010-04-16 Greg Goode author of *Standing as Awareness* *Awakening to the Dream* Leo Hartong, 2003-07-01 For centuries philosophers and theologians have pondered questions such as Who are we and What is the self. *Awakening to the Dream* is a book about you and your true identity. *Awakening to the Dream* is a very clear approachable overview of the enigmatic philosophy of Advaita Vedanta also known as non duality. Essentially this is a book about you. It points to and from the source of your true identity. The clear seeing that it refers to is neither complex nor simple. It is not something exclusive for intellectual or spiritual elite nor is it remote or hiding in the future. It is all inclusive pure presence closer than your breath. It is the heart of hearts your birthright and innermost self. This is your invitation to remember what was never really forgotten.

Bede Griffiths Bede Griffiths, 2004 Bede Griffiths who died in 1994 was an English Benedictine monk who settled in India in 1955 and went on to become one of the great mystical teachers of our time. In India where he assumed the dress and ascetic discipline of a Hindu holy man Griffiths established a Christian community following the customs of a Hindu ashram. Through his immersion in the scriptures of India he found wisdom and inspiration for his own Christian faith. This volume which draws on his autobiographical volumes and his many other books presents the ideal entry to the cosmic and mystical spirituality of a great spiritual guide.
