

# The three secrets of new **ONE** minute management

**'The best minute spent is the one that's invested in people.'**

The one minute management model helps managers communicate effectively, increase productivity and make work better with these three simple, yet effective techniques.

## One Minute Goals

Motivate people, define what's important, encourage ownership, and provide a way to measure performance.

- ▶ **Listen** to employees and work with them to develop their goals.
- ▶ **Describe** each goal on one page using only a paragraph or two.
- ▶ **Review** goals to stay focused on what's important, periodically checking progress.

## One Minute Praisings

Show employees that someone cares about their work, building confidence, and leading to stronger performance.

- ▶ **Recognise** that the number one motivator of people is feedback on results.
- ▶ **Create opportunities** to catch people doing something right.
- ▶ **Provide immediate, sincere praise**, explaining what was done right and how you felt about it.

## One Minute Re-Directs

Get employees back on track when mistakes happen, learning and adapting to achieve their goals.

- ▶ When a mistake occurs, **review it together**, factually, honestly and respectfully.
- ▶ **Share** how you feel about the mistake and its possible impact on results.
- ▶ **Reinforce confidence**, value and trust to end the conversation in a supportive way.

Use this methodology to assist others, encouraging them to take accountability for their performance, manage themselves and get great results!
