

PRICE INCREASE LETTER

Subject: Upcoming Pricing Adjustment Effective March 1, 2097

Dear Ms. Kate Phillips,

Thank you for being a loyal customer and for trusting us with your business over the years. Your support means a great deal to us, and we are committed to continuing to provide you with the exceptional quality and service you've come to expect.

I am writing to inform you about an upcoming adjustment to our pricing structure, effective March 1, 2097. Over the past year, we have faced rising costs in production, materials, and operational expenses. To maintain the high standards of our services and introduce exciting new features, it has become necessary to implement a price increase.

Starting March 1, 2097, the monthly subscription rate will increase from \$50 to \$60. This adjustment allows us to continue delivering top-tier service, enhance our offerings, and ensure we can meet your evolving needs effectively.

We understand that price changes can be challenging, and we want to support you during this transition. As a token of our appreciation, customers renewing their subscription before February 15, 2097, will receive a one-time 10% discount on the new rate.

We truly value your understanding and continued partnership. If you have any questions or concerns about this change, please don't hesitate to reach out. You can contact me directly at support@company.com or call (555) 123-4567.

Thank you again for your trust in us. We look forward to serving you in the future.

Sincerely,

Kevin Doyle

Federal Register, 1961 **Business Capital 101** Roberta A. Pellatt, Tony Drexel-Smith, 2021-04-26 The purpose of this book is to define the process and protocols of the TASASS score. It also serves as the textbook for the USCGA TASASS certification course. It was written as a manual for students, entrepreneurs, finance professionals, advisors, and consultants. It defines the types of capital available and documentation requirements to achieve success in the capital marketplace. Success is defined as a trifecta of 1) the enterprise acquiring capital, 2) the business becoming successful, and 3) the capital source receiving a positive outcome. **Business Capital 101** provides clarity in an otherwise complicated environment of gaining access to capital for qualified enterprises. Our mission is to provide a compliant, professional, time-sensitive, cost-conscious, and realistic approach to the business finance process. We accomplish this mission by the implementation of a due diligence process known as the TASASS score. The TASASS score was developed as a result of a study of more than 300 enterprises engaged by me since 2008, wherein I was able to determine the more than 300 common attributes amongst successful and failed ventures. The TASASS score is a combination of a Transaction Analysis (TA) and a Situation Analysis (SA) implemented in a Software (S) that results in a Score (S). The TASASS score is a standardized, objective due diligence process that serves capital markets during the enterprise vetting phase of capitalization. The software was created based on a 10-year study of 300 applicants. The goal of the proprietary Software as a Service (SaaS) is to identify opportunities that achieve a TASASS score in excess of 92.5% known as TASASS Prime. TASASS is an acronym for Transaction Analysis Situation Analysis Scoring Software. The TASASS score was developed by Tony Drexel Smith through the financial and human capital resources of TASASS Inc. The Association of Blue Moon Advisors, Blue Moon Advisors Inc, Blue Moon Consortium Inc, US Capital Global, SUMATICI Inc, and TD Smith, they created documentation that speaks to the correct capital and they earned a minimum of 925 out of the 1,000 points possible in our TASASS score. Tony Drexel Smith, Dr. Roberta Pellatt **The Perfect Cover Letter** Richard H. Beatty, 1997 A well-designed cover letter can prove to be a more powerful selling tool than a CV, showcasing your thinking abilities, writing skills, and personality traits in ways that an employer cannot detect from the more rigid CV.
