**Emerging Pedagogical Practices in Physical and Sports Education** Lobo, Joseph, Tagare, Jr., Ruben L., 2025-08-06

Innovative approaches in physical and sports education play a crucial role in promoting holistic student development physical literacy and lifelong wellness. As education systems evolve, there is an increasing need to integrate technology, cultural responsiveness, and interdisciplinary methods to meet diverse learner needs. These emerging pedagogical practices foster more inclusive, engaging, and adaptive learning environments that can better support physical health and social emotional growth. By equipping educators with evidence-based strategies, this area of study contributes to building healthier, more active, and resilient communities. Emerging Pedagogical Practices in Physical and Sports Education explores the innovative pedagogical strategies in physical education. This book designs inclusive and engaging curricula that address global challenges such as physical inactivity and mental well-being. Covering topics such as education, sports education, and pedagogical practices, this book is an excellent resource for academicians, educators, policymakers, graduate students, and more.

**The Singles Tax** Renée Sylvestre-Williams, 2026-01-06. As single living hits record highs, The Singles Tax offers actionable tips and expert insights to help solo earners build savings, retire confidently, travel wisely, and live comfortably. When it comes to finances, single people can't seem to get a break, whether that's taxes, housing, retirement, or something as simple as a hotel room. With The Singles Tax, Renée Sylvestre Williams uses her expertise as a financial journalist and a single person to explain how things got this way and what we can do to manage that tax from personal finance strategies to pushing to change the tax code. Each chapter provides thought-provoking insights and answers questions such as: Why can't two people just live together and be considered an economic unit? Can people get married to take advantage of the few tax benefits for couples? Will that lead to rom com shenanigans? Can single people ever retire? Why did housing get so expensive and are solo earners doomed to roommates? Do they need a will? Sylvestre Williams also shares stories, trials, and triumphs from other singles and advice from financial experts on how to navigate the systemic disadvantages of singleness. Delivering friendly, battle-tested advice, The Singles Tax is the ultimate intersectional guide for single people who want to take control of their financial lives and build a secure financial future.
