Rousseau

# **On the Social Contract**

Translated by:  
Donald A. Cress  
Introduction by  
Helen Gifford

# On The Social Contract Hackett Classics

**Jean-Jacques Rousseau**

## **On The Social Contract Hackett Classics:**

On the Social Contract Jean-Jacques Rousseau, 1988 Contents include a note on the translation introduction by Peter Gay and a bibliography      **Classical Debates for the 21st Century** Thomas O. Hueglin, 2008-01-01 Reconsiders the canon of political thought in the context of current world events by presenting debates between the ideas of classical theorists

**Rousseau: The Basic Political Writings** Jean-Jacques Rousseau, 2012-06-15 This substantially revised new edition of Rousseau The Basic Political Writings features a brilliant new Introduction by David Wootton a revision by Donald A Cress of his own 1987 translation of Rousseau s most important political writings and the addition of Cress new translation of Rousseau s State of War New footnotes headnotes and a chronology by David Wootton provide expert guidance to first time readers of the texts      **Critical Theory and Democracy** Enrique Peruzzotti, Martin Plot, 2012-11-27 This book focuses on Andrew Arato s democratic theory and its relevance to contemporary issues such as processes of democratization civil society constitution making and the modern Executive Andrew Arato is both globally and disciplinarily a prominent thinker in the fields of democratic theory constitutional law and comparative politics influencing several generations of scholars This is the first volume to systematically address his democratic theory Including contributions from leading scholars such as Dick Howard Ulrich Preuss Hubertus Buchstein Janos Kis Uri Ram Leonardo Avritzer Carlos de la Torre and Nicol s Lynch this book is organized around three major areas of Arato s influence on contemporary political and social thought The first section offers a comprehensive view of Arato s scholarship from his early work on critical theory and Western Marxism to his current research on constitution making and its application The second section shifts its focus from the previous comprehensive approach to a much more specific one Arato s widespread influence on the study of civil society in democratization processes in Latin America The third section includes a previously unpublished work A conceptual history of dictatorship and its rivals one of the few systematic interrogations on the meaning of a political form of fundamental relevance in the contemporary world Critical Theory and Democracy will be of interest to critical and social theorists and all Arato scholars      **The Intellectual Origins of Modernity** David Ohana, 2019-03-21 The Intellectual Origins of Modernity explores the long and winding road of modernity from Rousseau to Foucault and its roots which are not to be found in a desire for enlightenment or in the idea of progress but in the Promethean passion of Western humankind Modernity is the Promethean passion the passion of humans to be their own master to use their insight to make a world different from the one that they found and to liberate themselves from their immemorial chains This passion created the political ideologies of the nineteenth century and made its imprint on the totalitarian regimes that arose in their wake in the twentieth Underlying the Promethean passion there was modernity humankind s project of self creation and enlightenment the existence of a constant tension between the actual and the desirable between reality and the ideal Beneath the weariness the exhaustion and the skepticism of post modernist criticism is a refusal to take Promethean horizons into account This book attests the importance

of reason which remains a powerful critical weapon of humankind against the idols that have come out of modernity totalitarianism fundamentalism the golem of technology genetic engineering and a boundless will to power Without it the new Prometheus is liable to return the fire to the gods

### **Towards a Theory of Endogenous Geographical Evolution**

Leslie Curry,1989 The Social Contract Jean-Jacques Rousseau,1968-06-30 Man was born free and he is everywhere in chains These are the famous opening words of a treatise that has not ceased to stir vigorous debate since its first publication in 1762 Rejecting the view that anyone has a natural right to wield authority over others Rousseau argues instead for a pact or social contract that should exist between all the citizens of a state and that should be the source of sovereign power From this fundamental premise he goes on to consider issues of liberty and law freedom and justice arriving at a view of society that has seemed to some a blueprint for totalitarianism to others a declaration of democratic principles For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

*The Philosophical Athlete* Heather Lynne Reid,2002 All athletes experience victory and defeat but how many truly learn from the experience of sport For ancient Greek philosophers sport was an integral part of education Today athletics programs remain in schools but we face a growing gap between the modern sports experience and enduring educational values This book seeks to bridge that gap by advocating a philosophical approach to the sports experience Combining issues and ideas from traditional philosophy with contemporary analyses of sport and applied thinking activities this book invites athletes to learn about life from their experience of sport The text works its way from internal reflection to social interaction by addressing four important topics self discovery responsibility respect and citizenship This sequence is important because authentic self knowledge is an essential foundation for effectively dealing with the personal and social challenges faced by philosophical athletes Reid discusses specific issues such as violence racism and performance enhancing drugs in their relevant contexts although philosophical athletes focus on the big picture approaching each issue from a complete vision of themselves their moral commitments and their social roles Athletes as diverse as the teenage college recruit and the aging weekend warrior will gain insight into their sports experience and into their lives This philosophical approach maximizes what we can learn from sport and gives us the best chance for leading better lives because of it

*Discourse on the Origin of Inequality* Jean-Jacques Rousseau,Donald A. Cress,1992-03-13 Focuses on the cultural and intellectual milieu in which Rousseau operated This title includes a select bibliography a note on the text a translator s note and Rousseau s own Notes on the Discourse

Ethical Monotheism, Past and Present Wendell S. Dietrich,2001 In the spirit of Dietrich s work essays by colleagues and former students of the Brown U professor emeritus explore the boundaries of ethical monotheistic religion

historically and as a constructive resource for contemporary religious and ethical thought Ethical monotheism the view that monotheistic religion developed toward the prophets central concern with individual and corporate moral behavior has dominated modern religious thought since Kant Dietrich traced its development in Jewish and Christian contexts in his classic monograph Cohen and Troeltsch and other works c Book News Inc *Books in Series* ,1985 Vols for 1980 issued in three parts Series Authors and Titles

**Discourses on Violence** Vivienne Jabri,1996 This text re examines the understanding of war and violent conflict through a critical post positivist lens It offers a radical interpretive approach to conflict studies and finds new applications for some of the latest ideas in critical social theory

**Classics in Political Philosophy** Jene M. Porter,2000 In Millions Like Us Virginia Nicholson tells the story of the women s Second World War through a host of individual women s experiences We tend to see the Second World War as a man s war featuring Spitfire crews and brave deeds on the Normandy beaches But in conditions of Total War millions of women in the Services and on the Home Front demonstrated that they were cleverer more broad minded and altogether more complex than anyone had ever guessed Millions Like Us tells the story of how these women loved suffered laughed grieved and dared how they re made their world in peacetime And how they would never be the same again Vividly entertaining uplifting and humbling Millions Like Us deserves to be a bestseller Bel Mooney The Daily Mail Passionate fascinating profoundly sympathetic Artemis Cooper Evening Standard Virginia Nicholson was born in Newcastle upon Tyne and grew up in Yorkshire and Sussex She studied at Cambridge University and lived abroad in France and Italy then worked as a documentary researcher for BBC Television Her books include the acclaimed social history Among the Bohemians Experiments in Living 1900 1939 and Singled Out How Two Million Women Survived Without Men after the First World War both published by Penguin in 2002 and 2007 She is married to a writer has three children and lives in Sussex

**Forthcoming Books** Rose Arny,2003

**Law and Philosophy Subversive of Democracy** James W. Syfers,2003 Law and Philosophy Subversive of Democracy explores certain bodies of law as well as a deep seated cultural philosophical premise behind the law that are subversive of democracy in the United States James W Syfers examines the basis of the opposition to the International Bill of Human Rights IBHR the international legal foundation for democracy worldwide in the same cultural philosophical premise known as philosophic individualism

*Original Subjects* Ala A. Alryyes,2001 Original Subjects explores the interweaving of the child hero and the fortunes of a nation as these are portrayed in a wide selection of novels and national narratives in the French and English traditions Alryyes examines how these works deploy similar metaphors and signifying narratives in which a homeless child is central Taking up such disparate writers and novelists as Locke Rousseau Wollstonecraft Defoe Richardson Diderot Scott Stendhal Balzac and Disraeli as well as Homer St Augustine and Hannah Arendt this book argues that the generational parent child dynamic is key to understanding the structure of novels the theory of the state and the events of history

*The Government of Poland* Jean-Jacques Rousseau,1985-01-01 The Government of Poland is the only finished work in which Rousseau himself

dons the mantle of legislator applying the principles of the Social Contract to the real world around him Poland teaches us much about the mysterious art of the Social Contract s legislator how he transforms each individual into part of a larger whole Only in Poland do we find what this crucial transformation entails and what it presupposes But probably the greatest lesson to be learned from Poland concerns Rousseau s understanding of the proper relationship between theory and practice Time and again we see Rousseau advising the Poles to do things which are in gross violation of the strict principles of political right he had elaborated in the Social Contract Richard Myers in Canadian Journal of Political Science     The Family in America Joseph M. Hawes,Elizabeth F. Shores,2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers Family in America offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change     History in Dispute: Classical antiquity and classical studies Benjamin Frankel,2000 Addresses heavily debated questions by offering different critical perspectives on major historical events drawn from all time periods and from all parts of the globe This volume covers classical antiquity and classical studies Provides students with an enhanced understanding of events only summarized in history texts helps stimulate critical thinking and provides ideas for papers and assignments     Political Philosophy John Hamilton Hallowell,Jene M. Porter,1997 This book is designed as an introduction to the major thinkers in political philosophy This is a representation of a wide range of philosophers from Plato to Nietzsche Although it acquaints the reader with some of the key controversies in interpreting each thinker and the socio cultural context in which they wrote this book focuses on the arguments developed in each of their key works Discussing the intellectual cultural and social context for each philosopher this book is a collection of works which comprise the foundation of modern political philosophy

Eventually, you will agreed discover a other experience and execution by spending more cash. nevertheless when? do you acknowledge that you require to get those every needs once having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more roughly the globe, experience, some places, in the manner of history, amusement, and a lot more?

It is your no question own get older to do its stuff reviewing habit. among guides you could enjoy now is **On The Social Contract Hackett Classics** below.
