**Using Technology to Sell** Jonathan London, Martin Lucas, 2013-03-15 Using Technology to Sell is filled with practical effective techniques to sell more by leveraging the plethora of tools and information in today's world. By applying these principles you'll open more doors, increase your productivity, speed up decisions, and close more deals. Jill Konrath, author of *SNAP Selling* and *Selling to Big Companies*, *Using Technology to Sell*. *Tactics to Ratchet Up Results* shows salespeople and sales managers the most effective ways to leverage a variety of technologies to increase sales and gain more customers. Topics include making the most of cloud-based customer relationship management software, putting social media to the best use, presenting on three continents simultaneously through advanced video conferencing, using advanced techniques to gain an information edge over competitors, and much more. As this book shows, while the sales process will remain pretty much the same from now until the end of time, technology used properly can increase sales power at every step of the cycle. Technology in the right hands is a strategic weapon and a competitive differentiation tool that can dramatically improve close rates, deal size, efficiency, total sales, and much more. Using Technology to Sell will show you how to expand your market through the use of technology, employ software as a service (SaaS) applications to keep track of customers, stay organized, present and sell more systematically, use social media to increase sales, maintain the personal element in a world wired with technology, use the best sales methodology, and integrate each step with technology. Overcome any aversion to using technology to sell. Avoid the trap of overuse or dependency on technology.

**The Complete Idiot's Guide to Social Media Marketing, 2nd Edition** Jennifer Abernethy, 2012-04-03 The Complete Idiot's Guide to Social Media Marketing, Second Edition, covers cutting-edge techniques for small and large businesses alike. Ask the Author Q: How has social media marketing changed business and personal lives? A: The playing field has been leveled for business. No longer do you need a 6 or 7 figure budget to reach people around the country or globe for that matter. Personally, many lives have been affected. Many people more connected, businesses have grown because of the connections, TV and singing careers have been launched, money has been raised for charity, books have been marketed and purchased, and so on. Q: What has been the most challenging part of utilizing social media? A: I think the learning curve. With all of these sites, they come with no directions and no LIVE phone number. Q: What has worked the best and worst thus far? A: Facebook because of its broad reach really has worked for me, but many would argue that YouTube works the best, particularly since it is the search engine of choice with the 11-34 age group. Q: How can a person searching for a job use social media marketing? A: So many ways. They need to be on LinkedIn with a professional
