Physics Around the Clock Michael Banks, 2025-09-11 This is one of those brilliant books where there is an amazing fact on every page showing just how much science underpins our everyday world. Mark Miodownik author of *It's a Gas* *The Magnificent and Elusive Elements that Expand our World* Have you ever found yourself wondering how to brew the perfect cup of coffee, finally rid your garden of snails, or how to pull off a seamless Mexican wave? Well, wonder no more. Grounded in cutting-edge scientific research, this entertaining book answers these questions and many more, and explains what physics can reveal about so many seemingly ordinary aspects of your daily routine from cooking breakfast and walking the dog to playing games and watching a film. So whether you're navigating rush hour traffic, choosing the best seat on a plane, or just trying to win at rock paper scissors, *Physics Around the Clock* shows that physics isn't just about lab experiments and equations; it's relevant to everything you do and is happening all around you every second of every day.

The Reluctant Reaper MaryJanice Davidson, 2025-11-11 From bestselling author MaryJanice Davidson comes *The Reluctant Reaper*, a delightful romantasy with a twist featuring Death's daughter. What's a death god to do? A lot of twenty-somethings might look forward to inheriting the family business. Amara Morrigan's got zero interest in hers. The mantle she stands to assume is currently worn by her father, Death. Amara's childhood included helplessly watching as her best friend and her favorite teacher were taken away. She knows her dad didn't do it on purpose; it was just their time. But Amara refuses to accept the job. It's bad enough that she can sense when the final moment will be for anybody she meets, including her best and only friend, Gray. He knows who she is and he's cool with it. And though he's the funniest, kindest, most understanding guy she's ever met, she can't allow him to get any closer, however much she might want to, because his moment is coming all too soon. But now her father is dying. Ominous portents she can't ignore pull Amara home to Minot, North Dakota, where Death is comatose—something that shouldn't be possible. Thank all the gods that Gray refuses to be left behind. Amara's mother is a mess, and Gray gives her somebody to cook for while the other death gods are gathering. Alas, there's not enough lefse in all of North Dakota to fix the situation. With their options waning, Amara agrees to temporarily take up her father's mantle, but she has to figure things out and fast, because there is no way she's doing this forever.

Red Light Dark Road Allen DeKeyser, 2025-07-07 *Red Lights Dark Roads* is a raw and gripping true story that takes you into the heart of trauma survival and unshakable resilience. After surviving multiple life-threatening encounters, including being shot in the face by police targeted in road rage shootings and enduring betrayal and silence from loved ones, Allen De Keyser shares his journey through darkness, PTSD, and pain. But this is more than just a memoir. It's a call to be seen, to be heard, to be believed. With every red light, comes a choice: freeze in fear or fight for your life. Through powerful storytelling, emotional honesty, and spiritual grounding, Allen reveals what it means to keep driving through the dark when healing seems impossible and hope feels far away. For anyone who's ever been let down by the system, lost in the shadows of trauma, or desperate to find peace after chaos, *Red*
