[Living on a Meme](#) Richard Telofski, 2012-01-31 *Living on a Meme: How Anti-Corporate Activists Bend the Truth and You Get What They Want* is about the NGOs and activist groups that engage corporations adversarially and how they use memes to further their anti-corporate agendas. What's a meme? Say the word as meeeeeem. The dictionary says that a meme is an idea that spreads from one person to another. And thanks to today's Internet, memes get started, spread, and believed in a flash, whether they are true or not, making them formidable tools for groups that damage company reputations. Here in his fifth book, author Richard Telofski takes an in-depth look at anti-corporate NGOs and activist groups that use memes cleverly to compete with the image of the companies they target. These groups unabashedly use unchallenged memes to bribe people to their side of their anti-corporate argument. Bribe Yes. By leveraging a meme, these groups bribe people with something: a way to feel better about themselves, often with scant or no support of the meme. Through their meme mangling, adversarial NGOs and activists can impose undeserved damage on corporate reputations, costing market share, revenue, and jobs. Maybe one of them yours. These organizations are truly competitors not only to the individual corporations that they target but also to the economic system in general. *Living on a Meme* is compiled from a selection of articles published on Richard's Web site.

Telofski.com between August 1 2009 through August 3 2010. But many of these writings are more essay than article. Within the essays in this book you'll find insights, theories, as well as specific facts and analysis on how certain NGOs and activist groups operate online and offline to sap companies of their vital reputation. By reading this book you'll discover how these irregular competitors make use of existing cultural memes true or not and how they contribute to those memes strengthening them and contributing to the degradation of a company's image. Don't worry. This book isn't just a repackaging of blog postings. You're going to get more than that. At the end of each chapter you will find bonus Take Aways. Those Take Aways are critical analyses of the essays in the chapter pointing out for you how what was just discussed relates to an NGOs or activists' reliance of living on a meme or their hope that YOU are living on THEIR meme for them. You'll also find in this book 23 exclusive essays that appear only in this book. So start your journey now into the understanding of how anti-corporate NGOs and activists bend the truth and the beliefs of people to get what they want.

Confronting Antisemitism in Modern

Media, the Legal and Political Worlds Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-05-10

This volume documents the transformation of age-old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0. Manifestations of antisemitism in political, legal, media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred. The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism.

Unternehmenskommunikation CRM Marktforschung Social Media Note 2.2 Universit t Osnabr ck Sprache Deutsch Abstract This thesis will show the key factors for successful social media marketing in small and medium sized companies. The first pages deal with the transformation of the Internet and the basics of social media. A definition of Web 2.0 will be given and the popularity of Social Media will be analyzed in further detail. Since social media is very diverse the most important manifestations like social networks or microblogs will be presented shortly. Thereafter follows the main chapter Social Media Marketing. This chapter discusses the weaknesses of traditional advertising and PR and where social media attaches to bypass those weaknesses. It is shown which goals can be achieved how this is realized and which success factors you need for effective Social Media Marketing. The next step explains how a social media strategy is build and what a small and medium sized companies must respect in this. The biggest changes caused by social media marketing arise in corporate communications. In the chapter about communication is described what types of communication are relevant for a company and how to enter into a dialogue with the users. Another issue is social media monitoring. This section shows how market research can be operated with social media. The last item in the main chapter then deals with the risks of social media marketing. Thereafter follows a presentation of the three most popular social media sites Facebook, YouTube and Twitter. This

The Smear Sharyl Attkisson,2017-06-27 A New York Times bestselling in depth look at how propaganda is implemented in contemporary American politics I don t know any journalist like Sharyl Attkisson She has no fear and she doesn t stop until she gets all of the facts like an old fashioned gumshoe detective Greta Van Susteren Behind most major political stories there is an agenda to destroy an idea or the people advancing it Maybe you read that Donald Trump is a racist misogynist saw a Facebook post about Russian hackers or heard that Hillary Clinton used a body double during her campaign Regardless of the accuracy the themes get repeated until they are accepted by many as truth It s called the smear Sophisticated operatives work behind the scenes to establish narratives manipulate journalists and shape the images you see everyday Nothing is by accident Now investigative journalist Sharyl Attkisson takes you behind the scenes of the modern smear machine exploring how operatives from super PACs corporations and both sides of the political aisle have manipulated a complicit mainstream media to make disinformation rumor and dirty tricks defining traits of our democracy And she doesn t just tell stories she names names sharing her deeply researched account of how smears take shape and who their perpetrators are from Clinton

confidant Sidney Blumenthal to liberal political operative David Brock Dissecting the most divisive partisan election in American history she explores how both sides used every smear tactic as a political weapon culminating in Donald Trump's victory even as his detractors have continued their smears against him into the Oval Office What emerges is a timely assault on the mainstream media's willingness to sacrifice ethics for clicks and the cynical politicians and high paid consultants who exploit this reality Attkisson exposes the diabolical tactics of Smear artists and their outrageous access to the biggest names in political media operatives who are corrupting the political process and discouraging widespread citizen involvement in our democracy
