## **Facebook Sleep Hacks Prices:**

**Sensing Machines** Chris Salter, 2022-04-19 How we are tracked surveilled tantalized and seduced by machines ranging from smart watches and Roombas to immersive art installations Sensing machines are everywhere in our world As we move through the day electronic sensors and computers adjust our thermostats guide our Roombas count our steps change the orientation of an image when we rotate our phones There are more of these electronic devices in the world than there are people in 2020 thirty to fifty billion of them versus 7.8 billion people with more than a trillion expected in the next decade In Sensing Machines Chris Salter examines how we are tracked surveilled tantalized and seduced by machines ranging from smart watches and mood trackers to massive immersive art installations Salter an artist scholar who has worked with sensors and computers for more than twenty years explains that the quantification of bodies senses and experience did not begin with the surveillance capitalism practiced by Facebook Amazon Netflix and Google but can be traced back to mathematical and statistical techniques of the nineteenth century He describes the emergence of the sensed self investigating how sensor technology has been deployed in music and gaming programmable and immersive art environments driving and even eating with e tongues and e noses that can taste and smell for us Sensing technology turns our experience into data but Salter's story isn't just about what these machines want from us but what we want from them new sensations the thrill of the uncanny and magic that will transport us from our daily grind

## **The Significance of High Value in Human Behaviour**

Chris Steed, 2019-03-01 The Significance of High Value in Human Behaviour is an innovative conceptualisation of how the quest for a high self worth works as a psychosocial dynamic presenting the idea that feelings of impotence and low self esteem induce a powerful impetus on negative human action This book gives an account of what it means to base a whole psychological perspective on high value which has been an understudied aspect of human action Employing an ethnographical approach the book uses client observations and social research to promote original solutions in an empathetic and engaging manner for psychological support services aiding isolated individuals It considers the concept of a valuable self and examines the negative effects within the personality which can be generated when this drive for a valuable self is blocked through human devaluation or violence The Significance of High Value in Human Behaviour will appeal to academics and post graduate students in the fields of psychology and psychotherapy psychotherapists with specialist interests in loneliness and self worth and sociologists concerned with the psychology of the self

**Privacy is Power** Carissa Véliz,2020-09-24 An Economist

BEST BOOK OF THE YEAR As the data economy grows in power Carissa V liz exposes how our privacy is eroded by big tech and governments why that matters and what we can do about it The moment you check your phone in the morning you are giving away your data Before you ve even switched off your alarm a whole host of organisations have been alerted to when you woke up where you slept and with whom As you check the weather scroll through your suggested friends on Facebook you continually compromise your privacy Without your permission or even your awareness tech companies are harvesting your information your location your likes your habits and sharing it amongst themselves They re not just selling your data They re selling the power to influence you Even when you ve explicitly asked them not to And it s not just you It s all your contacts too Digital technology is stealing our personal data and with it our power to make free choices To reclaim that power and democracy we must protect our privacy What can we do So much is at stake Our phones our TVs even our washing machines are spies in our own homes We need new regulation We need to pressure policy makers for red lines on the data economy And we need to stop sharing and to adopt privacy friendly alternatives to Google Facebook and other online platforms Short terrifying practical Privacy is Power highlights the implications of our laid back attitude to data and sets out how we can take back control If you liked The Age of Surveillance Capitalism you ll love Privacy is Power because it provides a philosophical perspective on the politics of privacy and it offers a very practical outlook both for policymakers and ordinary citizens
