Reengineering the Sharing Economy Babak Heydari,Ozlem Ergun,Rashmi Dyal-Chand,Yakov Bart,2023-04-06 This book uses cross disciplinary thinking to re engineer an equitable resilient and just sharing economy through co design of technology and regulation **The New English** Thomas Laurence Kington-Oliphant,1886 **Super Pumped** Mike Isaac,2019-09-03 Now a SHOWTIME original series starring Emmy winners Joseph Gordon Levitt and Kyle Chandler and Academy Award nominee Uma Thurman Now streaming Only on SHOWTIME Named one of the best books of the year by NPR Fortune Bloomberg Sunday Times A New York Times Book Review Editor's Choice If you want to understand modern day Silicon Valley you need to read this book John Carreyrou New York Times best selling author of Bad Blood Hailed as the definitive book on Uber and Silicon Valley Super Pumped is an epic story of ambition and deception obscene wealth and bad behavior that explores how blistering technological and financial innovation culminated in one of the most catastrophic twelve month periods in American corporate history Backed by billions in venture capital dollars and led by a brash and ambitious founder Uber promised to revolutionize the way we move people and goods through the world What followed would become a corporate cautionary tale about the perils of startup culture and a vivid example of how blind worship of startup founders can go wildly wrong **An Anglo-Saxon Dictionary** Joseph Bosworth,1898 *An Anglo-saxon Dictionary* Toller,1882 *Collection of Consolidated Texts* Council of the European Union,1989 Each issue consists of the consolidated text of a directive incorporating all amendments in each of the official languages of the European Union **"The" New Shakspere Society** New Shakspere Society,1880 *Beyond Market Dystopia: New Ways of Living* Greg Albo,Leo Panitch,2019-12-23 Essays which aim to create a world of agency and justice How can we build a future with better health and homes respecting people and the environment The 2020 edition of the Socialist Register Beyond Market Dystopia contains a wealth of incisive essays that entice readers to do just that to wake up to the cynical implicitly market driven concept of human society we have come to accept as everyday reality Intellectuals and activists such as Michelle Chin Nancy Fraser Arun Gupta and Jeremy Brecher connect with and go beyond classical socialist themes to combine an analysis of how we are living now with visions and plans for new strategic programmatic manifesto oriented alternative ways of living **Tell-Trothes New-Yeares Gift ...** Frederick James Furnivall,1876 *Publications of the New Shakspere Society* ,1880 **Florida Law Review** ,2017-05 **The Encyclopaedic dictionary; a new, practical and exhaustive work of reference to all the words in the English language, with a full account of their origin, meaning, pronunciation, history and use** Robert Hunter,1894 *Spent behind the Wheel* Julietta Hua,Kasturi Ray,2021-12-21 Exploring professional passenger driving and the gig economy through feminist theories of labor Are taxi drivers in today's era of the ride hail app performing care work akin to domestic and household labor So argue the authors of Spent behind the Wheel Bringing together sociological and legal perspectives with feminist theoretical insights Julietta Hua and Kasturi Ray examine

the case study of contemporary professional passenger driving in the United States On the one hand they show the rise of the gig economy has brought new attention to the industry of professional passenger driving On the other hand the vulnerabilities that professional drivers experience remain hidden Drawing on interviews with drivers labor organizers and members of licensing commissions as well as case law and other published resources Hua and Ray argue that working for ride hail companies like Uber and Lyft shares similarities with driving for taxi companies in the impact on driver lives Lyft and Uber sell the idea of industry disruption but in fact they entrench long standing modes of extracting the reproductive labor of their drivers for the benefit of consumer lives Reproductive labor conventionally understood as feminized labor is extracted but masked behind the masculinized racialized bodies of drivers Professional driving is thus best understood alongside domestic and other gendered service work as reproductive labors devalued and often demonetized to benefit the national economy Spent behind the Wheel is a must for readers interested in critical studies of technological change and the gig economy showing how drivers capacities are drained for the benefit of riders corporations and the maintenance of the racial state
