more than 30 minutes of video and 48 photographs **Keep Your Eye on the Game** Michael Ferguson,2017 This study examines 11 years and 26 370 of Major League Baseball's i.e. MLB game outcomes to test whether distraction through scoreboard watching causes teams to choke under pressure Results indicate that scoreboard watching significantly impacts the probability of winning a game especially in playoff races Specifically teams in a playoff race had a 0.158 lower probability of winning games when the division leader won its game the previous day Consistent with distraction theory the analysis also shows that the distraction effects are 0.224 greater on home teams There is evidence of increased distraction as criticality of games increase When there are fewer than 10 games remaining in a playoff race the impact of a division leader win reduces a team's win probability by 0.243 Changes to league structure reduced win probability by 0.039 for seasons starting in 2012 This involved the addition of a Wild Card team to each league and an increase to the value of winning a division This study helps fill a gap in the literature in relation to research on external factors and their impact on game outcomes If a team can account for factors related to winning a game then it could be possible to gain a competitive advantage over the opposition The findings also have practical applications MLB teams can take initiatives to eliminate distraction and keep players attention on the task at hand surrounding critical games **Dodgers Dynasty** Hérbert Frankfurter,2025-06-03 What happens when two of baseball's most storied franchises collide under the blistering spotlight of 2025 Dodgers Dynasty 2024 Victory 2025 Firestorm and the New Era of MLB Power is more than a recap it's an immersive behind the scenes narrative of the season's most emotionally charged series Dive into explosive moments like Shohei Ohtani's game opening blast Max
