Yet over the course of five blistering studio albums Blink evolved into one of the most influential post-punk outfits in music which led to sales in excess of 20 million records worldwide. They split up in 2005 amidst tales of barbed acrimony after which the band was replaced by running record labels founding merchandising empires forming numerous splinter bands such as 44 and Angels Airwaves screening MTV reality shows and escaping a fatal plane crash. Then in 2009 Blink 182 shocked the world by announcing they were reforming with a new album and a rash of massive live shows. This unofficial and unauthorised book tells the story of the band through exhaustive research and a slew of exclusive interviews from people who have worked with and around the band chronicling for the first time ever a seminal modern rock act UNOFFICIAL UNAUTHORISED **Billboard**, 2006-06-17 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard**, 1994-03-26 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
