*Persuasion Ethics Today* Margaret Duffy, Esther Thorson, 2015-12-07 Persuasion Ethics Today explores persuasive communication in the fields of advertising, promotions, public relations and integrated marketing communication and is designed for course use in advertising curricula. Ethical questions have become increasingly important in today's media landscape and issues of regulation, privacy and convenience are the subjects of heated debate among consumers, industry professionals, policy makers and interest groups. With the explosion of social media, mobile devices, tracking technologies and behavioral targeting, the ethical issues about persuasion continue to increase in importance. This book's goal is to offer a broad introduction to the ethical standards, challenges, understanding and decision making strategies involved in the practice of persuasion. Persuasion Ethics Today links real world persuasive communication activities to fundamental philosophies of ethics. It also offers tools for students and practitioners to engage with ethical dilemmas in a systematic way and jumpstart debates about the right ethical choices in an increasingly complex media and social environment.

*Sports Fans 2.0* David M. Sutera, 2013-04-25 As of 2012, Twitter has over 100 million active users worldwide, generating close to 230 million Tweets per day. Encouraged by sports shows that incorporate social media as a major component of their programming strategies, sports fans and athletes have proven to be some of the most prolific and adept users of Twitter and other social media platforms. Social media has made it possible for fans to cross the virtual barrier that separates them from the teams they love and the athletes they follow, changing the way fans and athletes interact in the world of sports. In *Sports Fans 2.0: How Fans Are Using Social Media to Get Closer to the Game*, David M. Sutera explores the increasingly participatory nature of contemporary sports fandom and spectatorship. He examines the ways in which digital media has created and facilitated new channels for sports fan engagement and how technology has enhanced the fan's perception of participating in America's sports culture. In addition, Sutera shows how high-profile athletes are using social media to increase their fan base and promote their own celebrity status, creating the sense that they are more accessible to their fans. Social media has forever altered the way sports fans and athletes engage with each other. Covering a wide range of sports and social media outlets, *Sports Fans 2.0* is an accessible examination of how technology has changed and will continue to change the world of sports. Written for general readers and scholars alike, this book will appeal to anyone interested in the effects of social media on popular culture.

Dumplin meets Geekerella in debut author Jenna Miller's queer, body-positive love story that explores online and offline relationships in all of their messiness. If you asked seventeen-year-old Cass Williams to describe herself, she'd happily tell you she's fat, a lesbian, and obsessed with the Tide Wars books. What she won't tell you or anyone in her life is that she's part of an online Tide Wars roleplay community. Sure, it's nerdy as hell, but when she's behind the screen writing

scenes as Captain Aresha she doesn't have to think about her mother who walked out or how unexpectedly stressful it is dating resident cool girl Taylor Cooper. But secretly retreating to her online life is starting to catch up with Cass. For one no one in her real life knows her secret roleplay addiction is the reason her grades have taken a big hit. Also Cass has started catching feelings for Rowan Davies her internet bestie and Taylor might be catching on. As Cass's lies continue to build so does her anxiety. Roleplaying used to be the one place she could escape to but this double life and offline online love triangle have only made things worse. Cass must decide what to do be honest and risk losing her safe space or keep it a secret and put everything else on the line.
