Godism: A Religion for Scientists Lucifer Jeremy White, 2018-04-29 This book stems from the fact that human people are becoming very god like due to science and technology It is a book that develops scientific minds And it provides a good perspective on where we came from and where we are going It suggests science is capable of anything and should be used to reduce or even eliminate human suffering This book is how to be a god when the time comes that we can truly define ourselves as such It provides good ideas for a scientist to use in creating new things And this the first in its series leaves out the religious aspects of Godism which will instead be presented in later books This first book isn't the religion of Godism but rather the knowledge of it

The Christian Satanist Lucifer Jeremy White, 2022-02-25 A truly good look into the religion of Christian Satanism and The Christian Satanist's place within it Christian Satanism is a worldly gray sided religion worked into the middle area of life its thoughts things and substance It gives its followers both a soul and a spirit and a love for earth and our lives within it After all the world exists between heaven and hell It prefers philanthropy and morality over being sinister or diabolical in some sort of weird way On the other hand it doesn't strive to judge or condemn through Christianity This book is for anyone who may find the gray side a more attractive thing
