La calle donde tu vives Héctor Gaitán, 1900 Ombres contra hombres Efraín de los Ríos, 1948 *Revolution in the Countryside* Jim Handy, 2000-11-09 Although most discussions of the Guatemalan revolution of 1944 focus on international and national politics *Revolution in the Countryside* presents a more complex and integrated picture of this decade Jim Handy examines the rural poor both Maya and Ladino as key players who had a decisive impact on the nature of change in Guatemala He looks at the ways in which ethnic and class relations affected government policy and identifies the conflict generated in the countryside by new economic and social policies Handy provides the most detailed discussion yet of the Guatemalan agrarian reform and he shows how peasant organizations extended its impact by using it to lay claim to land despite attempts by agrarian officials and the president to apply the law strictly By focusing on changes in rural communities and by detailing the coercive measures used to reverse the revolution in the countryside following the overthrow of President Jacobo Arbenz Guzmán Handy provides a framework for interpreting more recent events in Guatemala especially the continuing struggle for land and democracy **Ombres contra hombres** Efraín de los Ríos, 1948 **Guatemalan Caudillo, the Regime of Jorge Ubico** Kenneth J.
