On Difficulty, and Other Essays George Steiner, 1978 In this stimulating new collection one of the most influential literary critics of our day again raises questions at the frontier of our understanding of language and society *Darwinism, and Other Essays* John Fiske, 1885 A Different Order of Difficulty Karen Zumhagen-Yekplé, 2020-03-05 Is the point of philosophy to transmit beliefs about the world or can it sometimes have higher ambitions In this bold study Karen Zumhagen Yekpl makes a critical contribution to the resolute program of Wittgenstein scholarship revealing his *Tractatus Logico Philosophicus* as a complex mock theoretical puzzle designed to engage readers in the therapeutic self clarification Wittgenstein saw as the true work of philosophy Seen in this light Wittgenstein resembles his modernist contemporaries more than might first appear Like the literary innovators of his time Wittgenstein believed in the productive power of difficulty in varieties of spiritual experience in the importance of age old questions about life s meaning and in the possibility of transfigurative shifts toward the right way of seeing the world In a series of absorbing chapters Zumhagen Yekpl shows how Kafka Woolf Joyce and Coetzee set their readers on a path toward a new way of being Offering a new perspective on Wittgenstein as philosophical modernist and on the lives and afterlives of his indirect teaching *A Different Order of Difficulty* is a compelling addition to studies in both literature and philosophy Periodical Essay in Modernity R. Eric Tippin, 2025-03-31 This book takes seriously the late Victorian periodical essay treating it with the same formal care that another study might give to Thomas Hardy s poetry or Henry James s prose It also attends to the essay s periodical context advertisements news serial publication material transience and burying ubiquity It challenges the distinction between serious literature and mere articles that appear in dailies weeklies and monthlies And then it argues that to understand the periodical essay between 1880 and 1920 is to understand the transitions of that period more clearly from belief to doubt from country to city from thick time to clock time The periodical essay is implicated in all these transitions In making this argument this book makes special reference to three authors Oscar Wilde G K Chesterton and Virginia Woolf All three command very different audiences and this book suggests an association between the three as periodical essayists

Essays on the Heart and Circulation T. Stacey Wilson, 1915      **1960** Al Filreis, 2021-10-26 In 1960 when World War II might seem to have been receding into history a number of artists and writers instead turned back to it They chose to confront the unprecedented horror and mass killing of the war searching for new creative and political possibilities after the conservatism of the 1950s in the long shadow of genocide Al Filreis recasts 1960 as a turning point to offer a groundbreaking account of postwar culture He examines an eclectic group of artistic literary and intellectual figures who strove to create a new language to reckon with the trauma of World War II and to imagine a new world Filreis reflects on the belatedness of this response to the war and the Holocaust and shows how key works linked the legacies of fascism and antisemitism with American racism In grappling with the memory of the war he demonstrates artists reclaimed the radical elements of modernism and brought forth original ideas about testimony to traumatic history 1960 interweaves the lives and works of figures across high and popular culture including Chinua Achebe Hannah Arendt James Baldwin Amiri Baraka Paul Celan John Coltrane Frantz Fanon Roberto Rossellini Muriel Rukeyser Rod Serling and Louis Zukofsky and considers art forms spanning poetry fiction memoir film painting sculpture teleplays musical theater and jazz A deeply interdisciplinary cultural literary and intellectual history this book also offers fresh perspective on the beginning of the 1960s      **Essays on the Philosophy of Theism** William George Ward, 1884      *Journal of Information Science* , 1983      **Education Today** , 1988
