Teaching and Applying Mathematical Modelling John Stephen Berry, 1984. **Law School Exams** Charles R. Calleros, 2007. Well-written and highly accessible, this concise paperback guides law students step by step through procedures that will help them take exams successfully. The author's style is accessible and reassuring, recognizing that law students operate under severe time constraints; he makes his points clearly and concisely, starting with creative examples and illustrations in familiar nonlegal contexts. The author introduces students to new concepts by analogy and then advances to

more complex legal examples exercises and practice exams with a focus on essay questions and model answers help students identify their strengths and weaknesses plan strategies and organize their efforts the author addresses techniques for maximizing scores on several types of essay questions as well as on multiple choice and other objective questions the author helps students understand why the typical law school essay question requires a balanced analysis with arguments for both sides rather than identification of a clear answer assignments and exercises facilitate active learning In addition to teaching students analysis and exam taking skills Law School Exams Preparing and Writing to Win addresses exam anxiety with a helpful positive perspective The author helps students understand that a small degree of anxiety can serve as a productive motivator helps students learn how to reduce anxiety to a productive level by placing exams into proper perspective by preparing thoroughly and by adopting stress management techniques such as stretching meditation or motivational music
