Mike Diana - America ,2012 **World Art** ,1998 **Do Nice Guys Run for Congress?** Former U.S. Congressman Don

Manzullo, 2022-06-24 A country lawyer in northern Illinois Don Manzullo ran for Congress was sued by his Republican party to keep him off the ballot but persevered to beat the established politicians In a fascinating and at times humorous account of his twenty years in Congress he leads readers through battles involving trade national security manufacturing protecting small businesspeople and children He describes his journeys to foreign countries and meeting with the president of China He blows through diplomatic channels to meet with Prime Minister Netanyahu on a volatile trade issue involving a constituent Those interested in history politics the congressional process the role of faith in a legislator s life and overcoming a serious reading and retention challenge will find Manzullo s legacy as a problem solver a must read Once readers start they will not be able to put it down

Mike Diana - America ,2012 **Animal Rights** Harold D. Guither, 1998 In the past decade philosopher Bernard Rollin points out we have witnessed a major revolution in social concern with animal welfare and the moral status of animals Adopting the stance of a moderate Harold Guither attempts to provide an unbiased examination of the paths and goals of the members of the animal rights movement and of its detractors Given the level of confusion suspicion misunderstanding and mistrust between the two sides Guither admits the difficulty in locating much less staying in the middle of the road The philosophical conflict however is fairly clear those who resist reform fearing that radical change in

the treatment of animals will infringe on their business and property rights versus the new activists who espouse a different set of moral and ethical obligations toward animals From his position as a moderate Guither presents a brief history of animal protection and the emergence of animal rights describes the scope of the movement and identifies major players such as Paul and Linda McCartney and organizations such as People for the Ethical Treatment of Animals that are actively involved in the movement He concentrates on what is actually happening in the 1990s discussing in detail the possible consequences of the current debate for those who own use or enjoy animals in entertainment and leisure pursuits A reference work for students in animal sciences and veterinary medicine the book also poses questions for philosophers sociologists and public policymakers as well as animal owners animal and biomedical researchers and manufacturers and distributors of animal equipment and supplies **African American Lives** Henry Louis Gates,Evelyn Brooks
