test questions reflect the topic emphasis of your state's testing service and your North Carolina license exam. A word about the test questions: NC RELEP's testing practice section consists of ten national practice tests, three state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length, and the sample test is 105 questions. The test questions are designed to cover the content covered by the law reviews, which reinforces your learning of the total body of information tested by your state exam. The questions are direct to the point and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation or rationale to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your North Carolina real estate exam. So good luck. Note: For North Carolina students looking for a comprehensive real estate principles textbook, we also publish *Principles of Real Estate Practice in North Carolina* by Kristen's National Real Estate Practice Tests. Kristen Bacorn, 2022-08-19. Real estate licensing tests have two parts: National and State. This book covers the national part. Some states write the national part of the real estate licensing test themselves, while others use questions written by companies such as PSI and Pearson VUE. This book offers questions like those on the national tests for sales and broker licensing. When you start scoring well on the tests in this book, you'll know that you understand the basics of real estate laws and practice, and you'll feel more confident about the licensing exam. Kristen Bacorn has helped over 100,000 students get their real estate licenses. Kristen herself has obtained several broker licenses in different states and she's even worked as a professional test writer. If anyone knows what to expect from the national real estate test, Kristen does. A great way to study is to test yourself. This book helps you learn real estate concepts by offering detailed explanations of all 500 questions and answers with step-by-step math guidance. Students all over America praise Kristen's books, videos, and online courses. We hope this book will start you on the road to success in your chosen career of real estate. **Real Estate Agent** National Learning Corporation, 2018-11.
