Key chapters have been re written to reflect recent changes in government legislation while current research and pertinent examples are included throughout the text. This new edition is supported by a comprehensive suite of resources for both Instructors and Students using the Evolve website as a platform. These ancillaries will reinforce the critical thinking elements for students with interactive case studies and scenario based learning exercises as well as the multiple choice questions. Presents unique philosophy and woman centered approach in line with the standards set by the ACNM and NZCM. Key contributors from Australia and New Zealand. Key terms, Chapter Overview, Learning Outcomes and Review Questions included in every chapter.
