This guide conveniently breaks down each lesson into five main sections: Revision, Preparation, Application, Consolidation, and Tracking Progress. This enables each lesson to meet the phonics requirements as well as more general literacy requirements and ensures pupils are concurrently learning how to read for meaning from the start. What is phonics? Phonics is a way of teaching children to read by understanding the sounds that individual letters make and blending them to make a word. Children can learn to read using this skill to decode new words. Phonic Books specialises in publishing decodable, systematic books supporting this structured literacy instruction.
