Mobilizing An Asian American Community:

Mobilizing an Asian American Community Linda Trinh Võ, 2004 Focusing on San Diego in the post Civil Rights era Linda Trinh V examines the ways Asian Americans drew together despite many differences within the group to construct a community that supports a variety of social economic political and cultural organizations Using historical materials ethnographic fieldwork and interviews Linda Trinh V traces the political strategies that enable Asian Americans to bridge ethnicity generation gender language and class differences among others She demonstrates that mobilization is not a smooth linear process and shows how the struggle over ideologies political strategies and resources affects the development of community organizations V also analyzes how Asian Americans construct their relationship with Asia and how they forge relationships with other racialized communities of color V argues that the situation in San Diego illuminates other localities across the country where Asians face challenges trying to organize find sufficient resources create leaders and define strategies *Journal of Asian American Studies* ,2004 **Asian American Policy Review** ,2002 *Asian American Politics* Don T. Nakanishi, James S. Lai, James Siu-Fong Lai, 2003 Asian Americans are emerging as a political force and yet their politics have not been systematically studied by either social scientists or politicians Asian American politics transcend simple questions of voting behavior and elective office going all the way back to early immigration laws and all the way forward to ethnic targeting For the first time this book brings together original sources on key topics influencing Asian American politics knit together by expert scholars who introduce each subject and place it in context with political events and the greater emerging literature Court cases legislation demographics and key pieces on topics ranging from gender to Japanese American redress to the Los Angeles riots to Wen Ho Lee round out this innovative reader on a politically active group likely to grow in number and electoral impact *The Asian American Encyclopedia* Franklin Ng, 1995 Explores the experience of Asian immigrants and the communities which they and their descendants have created in the United States and offers information about the history language and culture of Asian Americans diverse countries of origin **Asian American Political Action** James S. Lai, 2011 Looking beyond traditional conceptions of immigrant political behaviour in gateway cities James Lai comprehensively analyzes how Asian Americans are not only winning elected office but also sustaining representation in places as diverse as California Texas Wisconsin and Maryland **Asian America** Huping Ling, 2009 The last half century witnessed a dramatic change in the geographic ethnographic and socioeconomic structure of Asian American communities While traditional enclaves were strengthened by waves of recent immigrants native born Asian Americans also created new urban and suburban areas Asian America is the first comprehensive look at post 1960s Asian American communities in the United States and Canada From Chinese Americans in Chicagoland to Vietnamese Americans in Orange County this multi disciplinary collection spans a wide comparative and panoramic scope Contributors from an array of academic fields focus on global views of Asian American communities as well as on territorial and cultural boundaries

Presenting groundbreaking perspectives Asian America revises worn assumptions and examines current challenges Asian American communities face in the twenty first century *The Science of Voter Mobilization* Donald Green, Alan S. Gerber, 2005 A powerful new research design in the field of voter mobilization has created a more comprehensive picture of the effectiveness of various get out the vote campaign methods With an increase in field experiments in the past few years researchers campaigns and policymakers have gleaned important insights into voter participation Until recently voting behavior was mainly studied through survey research And while large national surveys have had a tremendous impact on scientific and policy debates concerns about the accuracy of survey research remain Surveys suffer from two major drawbacks First is the possibility of misreporting by survey participants Measuring voter turnout through survey research relies on respondents disclosure of whether they voted or not and some voters may feel embarrassed that they did not vote and provide false answers Second campaigns may focus their energies on likely voters If so surveys may show a correlation between voter turnout and voter mobilization activity even when voter mobilization campaigns are ineffective Aware of the limitations of survey research political scientists have recently turned to field experimentation to gain a clearer picture of the causal implications of voter mobilization efforts on specific populations This issue of *The ANNALS* presents the results of several field experiments which are at the forefront of research in this area These field experiments draw important distinctions between different forms of mobilization activities and their effects on a variety of populations studying personal versus impersonal mobilization efforts as well as partisan versus non partisan efforts Challenging conventional wisdom and clarifying important methodological issues this issue of *The ANNALS* provides a new approach to the study of voter mobilization Taken together these intriguing articles report advances in knowledge gained by field experiments and have the potential to reshape the past assumptions about campaign effectiveness and influence future strategies on mobilizing voters This issue will also serve as a springboard for new work in the field as political scientists grapple with filling in existing gaps such as the effects of mass media and move toward an even clearer theoretical understanding of the conditions under which interventions work Professionals volunteers and anyone directly involved in voter mobilization will discover important findings in this collection of studies And because the research was conducted in the real world of campaigns and elections the authors help answer the critical question of how to apply scholarly insights to voter outreach programs on a grand scale
