Baghdad to Fallujah Brian Van Gorden, 2024-08-26 This is a Marine infantryman's combat memoir from the Invasion of Iraq to the Battle of Fallujah. It chronicles firsthand accounts of war while serving with the most combat-deployed Marine Corps battalion of the Iraq War, the 3rd Battalion 4th Marines. The Marine Corps Martial Arts Program United States Marine Corps, Marine Corps Reference Publication MCRP 3 02B Marine Corps Martial Arts Program. MCMAP is designed for Marines to review and study techniques after receiving initial training from a certified Marine Corps martial arts instructor or martial arts instructor/trainer. It is not designed as a self-study or independent course. The true value of the Marine Corps Martial Arts Program is enhancement to unit training. A properly implemented program can help instill unit esprit de corps and help foster the mental character and physical development of the individual Marine in the unit. This publication guides individual Marines, unit leaders, and martial arts instructors/instructor trainers in the proper tactics, techniques, and procedures for martial arts training. MCRP 3 02B is not intended to replace supervision by appropriate unit leaders and martial arts instruction by qualified instructors. Its role is to ensure standardized execution of tactics, techniques, and procedures throughout the Marine Corps. Although not directive, this publication is intended for use as a reference by all Marines in developing individual and unit martial arts programs. For policy on conducting martial arts training, refer to Marine Corps Order 1500.59, Marine Corps Martial Arts Program. MCMAP WARNING: Techniques described in this manual can cause serious injury or death. Practical application in the training of these techniques will be conducted in strict adherence with training procedures outlined in this manual as well as by conducting a thorough operational risk assessment for all training.

allowing the user to select the most appropriate usually the least amount of force For example a Marine facing a nonviolent but noncompliant subject can use an unarmed restraint to force compliance with minimal damage and pain A more aggressive subject could be met with a choke hold or a strike Lethal force can be used on a subject as a last resort The majority of techniques can be defensive or offensive in use with or without a weapon allowing Marines flexibility in combat and operations other than war such as civil control or humanitarian missions as well as self defense

Sustaining the Marine Corps Martial Arts Program ,2005 Close combat is vital to the Marine Corps a service that prides itself on being able to locate close with and destroy the enemy The Marine Corps has adopted many programs designed to dispatch the enemy at close range Unfortunately programs like Close Combat Instruction CCI and the Linear In fighting Neurological override Engagement LINE system did not completely satisfy the Marine Corps needs and were virtually incompatible with other Marine Corps training programs due to their limited focus on unarmed combat only Therefore the Marine Corps Martial Arts Program MCMAP was implemented in the summer of 2000 under the direction of General James L Jones 32nd Commandant of the Marine Corps MCMAP is an integrated synergistic fighting system incorporating mental character and physical disciplines that apply across the entire spectrum of violence MCMAP is a program that offers added value to the Marine Corps both on and off the battlefield It mirrors the Marine Corps ethos and arms Marines with skills knowledge and values that will continue to be useful to them throughout their careers and lives The Martial Arts Center of Excellence should constantly sell the program whether it is to the potential recruit the gunnery sergeant with 15 years of service or the Commandant himself The leaders of the Corps at all levels must be the primary target audience and recognize the value that MCMAP brings to the table Moreover they must require MCMAP participation of themselves and all their Marines Ultimately the Marine Corps needs to reinforce its commitment to this program by implementing requirements that place the program on equal footing as other established programs such as professional military education rifle range and the PFT MCMAP may be short lived unless the Marine Corps does a better job of selling the program to all Marines establishes and enforces overdue requirements and receives the support of senior leadership
