Business Performance Measurement and Management Paolo Taticchi,2010-01-22 Measuring and managing the performance of a business is one of the most genuine desires of management Balanced scorecard the performance prism and activity based management are the most popular frameworks in this setting Based on the findings of R G Eccles acclaimed Performance Measurement Manifesto 1991 this book introduces new contexts and themes of application and presents emerging research areas related to business performance measurement and management e g SMEs and sustainability As a result of the 1st International Summer School Piero Lunghi on Perspectives of Business Performance Management this book is written both for students and academics as well as for practitioners looking for new yet proven ways to measure and manage business performance *Managing Performance* Geert Bouckaert,John Halligan,2007-12-20 Pt 1 Concepts

approaches and explanations pt 2 Performance types pt 3 Comparative performance and evaluation pt 4 Appendices **The Fractal Organization** Patrick Hoverstadt,2011-02-23 The world of management is in crisis the old remedies no longer work and organizations are failing at an increasing rate Although many talk of joined up thinking few offer practical guidance on how to achieve this in organizations The Fractal Organization sets down the practical implications of a well tested systemic approach to building organizations that are capable of surviving and flourishing in these turbulent times An excellent read Many organizations fail at the mercy of their own ignorance The author has done an excellent job in making the science of effective organization accessible to management providing them with a new knowledge to deal with the uncertainties that the markets place upon them Stephen J Brewis Business Architect British Telecom one of the most interesting thorough and rigorous guides to management that I have ever read introduces new insights in every chapter carries a credibility which acts as a counterbalance to the sometimes difficult message which he conveys which is that a lot of mainstream management

practice is at best ineffective and at worst downright destructive I would recommend this book to anyone interested in management or systems thinking Penny Marrington Course Chair Systems Group Open University In my opinion this book manages to present sound academic theory that is relevant and helpful to the practitioner in the business I experienced several A HA moments Pauline Marsh Strategy Director CS S International BAE SYSTEMS The insights of the Viable System Model have been open only to a select few for much too long Hoverstadt has gone furthest in bringing these ideas to a wider audience Management books have too often been serious but not practical or practical but not serious This book is both brilliantly serious and practical and often entertaining too Professor Peter Kawalak Manchester Business School Integrates mainstream management ideas with the systems ideas underpinning the VSM and flows and reads well As a starting point for developing understanding of the VSM in today s world this book improves greatly on all books that have gone before I would certainly recommend it to colleagues clients and students Dr Robin Asby Course Chair Communication and Systems Open University
