The Routledge Companion to Advertising and Promotional Culture Emily West, Matthew P. McAllister, 2023-04-04 This comprehensive second edition provides an updated essential guide to the key issues methodologies concepts debates and policies that shape our everyday relationship with advertising This updated edition takes a critical look at advertising and promotion during the explosion of digital and social media as well as with significant social and cultural shifts including the COVID 19 pandemic the rise of the Black Lives Matter movement the destabilization of democracies and rise of authoritarianism around the world and intensification of the climate crisis The book offers global perspectives on advertising and promotion with attention to issues of diversity and difference It contains eight sections Historical Perspectives on Advertising and Promotion Promotional Industries Advertising Audiences Advertising Identities Advertising and in Crisis Promotion and Politics Promotionalism and Its Expansions and Advertising Promotion and the Environment With chapters written by leading international scholars working at the intersections of media and advertising studies this book is a go to source for scholars and students in communication media studies and advertising and marketing looking to understand the ways advertising has shaped consumer culture in the past and present *International Medical Graduates in the United States* Hassaan Tohid, Howard Maibach, 2021-01-04 Thousands of international medical graduates come to the United States to start their career as physicians Many of them however are not aware of the challenges and problems that they may encounter along the way These difficulties can range from the language and cultural barriers to a lack of confidence and self esteem Many students are also unaware of the other career options besides getting into a clinical residency program As a result of these issues a great number of foreign medical students remain unmatched into the National Resident Matching Program Not matching can be devastating for these graduates both financially and medically Students often suffer from psychological effects like major depression and generalized anxiety disorder This book outlines the potential problems faced by these graduates and their possible solutions Each chapter collects research evidence interviews and surveys to gather information to work on each possible problem one by one and describes a solution in great detail Comprised of thirty chapters each chapter is broken down into smaller sub sections to investigate the main theme in depth Issues addressed include the different types of international medical graduates and their lives in the United States differences in the education system and healthcare system the triangle of residency language and cultural barriers lack of professional contacts confidence self image and self esteem issues and restriction to specific fields and career paths Written by experts in the field *International Medical Graduates in the United States* is a first of its kind text that addresses the biggest issues faced by foreign medical graduates in today s world *Calling Bullshit* Jevin D. West, Carl T. Bergstrom, 2020-08-04 A necessary book for our times But also just great fun Saul Perlmutter Nobel Laureate The world is awash in bullshit and we re drowning in it Politicians are unconstrained by facts Science is conducted by press release Start up culture elevates hype to high art These

days calling bullshit is a noble act Based on a popular course at the University of Washington Calling Bullshit gives us the tools to see through the obfuscations deliberate and careless that dominate every realm of our lives In this lively guide biologist Carl Bergstrom and statistician Jevin West show that calling bullshit is crucial to a properly functioning social group whether it be a circle of friends a community of researchers or the citizens of a nation Through six rules of thumb they help us recognize bullshit whenever and wherever we encounter it even within ourselves and explain it to a crystal loving aunt or casually racist grandfather

Marketing Ethics & Society Lynne Eagle, Stephan Dahl, 2015-09-15 Marketing while essential to organisational success is arguably one of the most controversial aspects of business management Criticisms of marketing's impact range from fostering materialism and unsustainable consumption patterns through to the use of deception stifling of innovation and lowering of quality to name but a few Taking a holistic and international perspective this book critically examines the ethical challenges marketing faces and explores strategies marketers can use to respond to those challenges The book examines specific aspects of marketing activities such as ethical considerations in relation to young consumers potentially harmful products and criticism of the societal impact of medical arts and tourism marketing activities It then combines these with wider discussions of frameworks that enable marketers to respond to ethical challenges supplemented by discussions of cross cultural and international perspectives consumer responses and ethical consumption movements as well as shifting historical perceptions of marketing ethics The book is accompanied by a companion website including PowerPoint slides and teaching notes per chapter links to free SAGE journal articles and online videos selected per chapter by the authors quizzes per chapter and links to further reading online
