 chronicling her thoughts ideas and frustrations over her own personal state of obesity and the state of the world s obesity at
 large Observe as she identifies the lies myths and misconceptions of weight control and how society has managed to foul
 things up pretty badly over the last fifty years It is a highly personal exploration where she identifies today s weight
 obsession as being no different than belonging to a cult or suffering from a social anxiety disorder As the author moves
 through these concepts and gains more and more clarity she emerges in the end with the shockingly simple key to returning
 to a state of natural thinness without diet exercise or spending a dime Fitness Walking Robert Sweetgall, James M.
