The End of Politics and the Birth of iDemocracy Douglas Carswell, 2012-10-01

The west is in crisis Governments have grown too big living beyond their means and ours The true costs of extra officialdom have been concealed Parasitical politicians have been hopeless at holding to account the elites who now preside over us As a result Western nations are mired in debt and chronically misgoverned Should we despair Actually no Precisely because the West's Big Government model is bust things are going to have to change The West is on the cusp of a dramatic transformation driven by the failure of her elites technology and maths At the precise moment Big Government becomes unaffordable the internet revolution makes it possible to do without it Be optimistic We are going to be able to manage without government and thrive The old political and economic order is about to give way to something vastly better
