Accounting Principles Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2018-02-28 Weygandt's *Accounting Principles* continues to provide students with a trusted and clear introduction to fundamental accounting concepts which has made this best selling text so popular. Helping students get the most out of their accounting course by making practice simple, the new edition continues to present the accounting cycle from a sole proprietor perspective whilst providing the latest IFRS integration throughout. Separate references to GAAP are made at the end of each chapter for courses where needed. To maximise student achievement, a plethora of additional teaching and learning resources will be available including self tests, exercises, templates, videos and more. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

Economics Ananish Chaudhuri, 2025-01-20 Economics affects our daily lives in crucial ways. We constantly hear about recessions and unemployment, inflation and cost of living crises, economic growth and inequality, climate change and carbon taxes, interest rates and house prices, and tariffs and trade wars. What does this all mean? Written in a highly engaging style, *Economics: A Global Introduction* cuts through the jargon to provide a comprehensive introduction to the basics of economics. This book includes applications of economic principles and insights from behavioural economics into contemporary issues such as global warming and the COVID 19 pandemic. This book is replete with real world examples and anecdotes from politics, literature, film and sports to help the reader grasp fundamental micro and macroeconomic concepts. Student friendly features include case studies, start of chapter learning objectives, discussion questions and answers, further reading suggestions and mathematical appendices. This book is accompanied by useful digital resources including lecture recordings, PowerPoint slides and a test bank containing both multiple choice and essay questions and answers. Suitable for students who may pursue further studies in economics as well as those choosing a different field, *Economics: A Global Introduction* is the ideal textbook for providing students with an economic perspective on the world.

Financial Accounting with International Financial Reporting Standards Jerry J. Weygandt, Paul D. Kimmel, 2022-07-20 An essential and intuitive treatment of financial accounting with an international perspective. The use of International Financial Reporting Standards is growing rapidly both outside of the United States and within, especially as IFRS incorporates more US GAAP rules. In the newly updated fifth edition of *Financial Accounting with International Financial Reporting Standards*, a team of accomplished financial practitioners and educators delivers the newest version of their highly anticipated text. This important work offers practical end of chapter exercises and practice problems complete with foreign currency examples as well as an emphasis on non US companies and examples. It is perfect for accounting students seeking exposure to internationally utilized accounting standards.
