Microsoft Excel 2016 for MAC Philip Tranton,2015-10-29 Microsoft Excel 2016 is one of the products offered in the new Microsoft Office 2016 dubbed Office 16. Designed to replace the previously released Office 2013 and Office for Mac 2011 the product was first released to the public in July of 2015. The initial release was on the OS X software designed for users of Office 365 with the licensed version becoming available by mid September of the same year. *Learn Office 2016 for Mac* Guy Hart-Davis,2016-07-26 A practical hands on approach to using Office 2016 applications to create and edit documents and get work done efficiently. You'll learn how to customize Office design, create and share documents, manipulate data in a spreadsheet and create lively presentations. You'll also discover how to organize your email, contacts and tasks with the new Outlook for Mac. Conveying information quickly and concisely, the book brings you from beginner or intermediate to an experienced and confident user. Office for Mac remains the leading productivity suite for Mac with Apple's iWork and the free OpenOffice.org trailing far behind. Now it's been updated with a cleaner interface and more compatibility with Exchange and SharePoint. This book provides the best combination of accessible and focused coverage of the Office 2016 applications. Rather than cover every seldom used feature, the book covers real world usage, putting emphasis on practical tasks and troubleshooting common problems such as sharing documents with Windows users and older versions of Office. What You Will Learn: Create professional documents for home and business using Word. Edit documents collaboratively in real time with your colleagues. Record and manipulate data using spreadsheets. Use your data to create powerful and convincing charts. Build persuasive multimedia presentations in PowerPoint. Deliver presentations like an expert. Keep your e-mail under control with Outlook. Stay on top of your schedule and your tasks. Who This Book Is For: Any Mac user who needs to work with Word, Excel, PowerPoint or Outlook either for business or for pleasure. Professionals, students and home user alike will benefit from straightforward explanations, step by step instructions and effective workarounds for everyday problems.
