However the book is not just an account of how an industry came off the rails but also a passionate call to action on how to get it back on track. Gavet a leading technology executive and former CEO of Ozon an executive vice president at Priceline Group and chief operating officer of Compass formulates a clear call to action for industry leaders board members employees and consumers users to drive the change necessary to create better more sustainable businesses and the steps Western governments are likely to take should tech leaders fail to do so. Steps that include reformed tax codes reclassification of platforms as information companies new labor laws and algorithmic transparency and oversight. *Trampled by Unicorns* exploration of the promise and dangers of technology is perfect for anyone with an interest in entrepreneurship tech and global commerce and a hope of technology's all empowering prospect. An illuminating book full of insights. *Trampled by Unicorns* describes a realistic path forward even as it uncovers and explains the errors of the past.
