Who Needs College Anymore? Kathleen deLaski, 2025-01-08 An optimistic yet practical assessment of how postsecondary education can evolve to meet the needs of next generation learners

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

To Know Is to Compare Mora Matassi, Pablo J. Boczkowski, 2023-04-18 How systematic comparative research can unlock the potential of social media scholarship Though diverse and fruitful social media scholarship too often focuses on single platforms in single countries disconnected from other media that people use Mora Matassi and Pablo J Boczkowski s alternative approach offers a framework based on the epistemological principle that everything we know emerges from comparing two or more entities Drawing on a wealth of real life cases Matassi and Boczkowski examine key aspects of social media from three comparative dimensions nations media and platforms and two topics history and language to propose a blueprint that encourages researchers and lay readers alike to think about social media from new perspectives Matassi and Boczkowski illustrate their theoretical points with examples that link multiple media illuminate an array of platforms cover different countries and eras and address various languages and both textual and non textual signifiers The result is an original conceptual account that allows for the study of social media in ways that are global de westernized transmedia and multiplatform In addition the authors review the major texts that use a comparative treatment and suggest topics theories and methods for engaging in comparative studies in the future
