Medieval Public Justice Author Massimo Vallerani Jul 2012:

The History of Courts and Procedure in Medieval Canon Law Wilfried Hartmann, Kenneth Pennington, 2016-09-09 By the end of the thirteenth century court procedure in continental Europe in secular and ecclesiastical courts shared many characteristics. As the academic jurists of the *Ius commune* began to excavate the norms of procedure from Justinian's great codification of law and then to expound them in the classroom and in their writings they shaped the structure of ecclesiastical courts and secular courts as well. These essays also illuminate striking differences in the sources that we find in different parts of Europe. In northern Europe the archives are rich but do not always provide the details we need to understand a particular case. In Italy and Southern France the documentation is more detailed than in other parts of Europe but here too the historical records do not answer every question we might pose to them. In Spain detailed documentation is strangely lacking if not altogether absent. Iberian conciliar canons and tracts on procedure tell us much about practice in Spanish courts. As these essays demonstrate scholars who want to peer into the medieval courtroom must also read letters, papal decretals, chronicles, conciliar canons and *consilia* to provide a nuanced and complete picture of what happened in medieval trials. This volume will give sophisticated guidance to all readers with an interest in European law and courts.

Medieval Public Justice Massimo Vallerani, 2012-06-18 In a series of essays based on surviving documents of actual court practices from Perugia and Bologna as well as laws, statutes and theoretical works from the 12th and 13th centuries, Massimo Vallerani offers important historical insights into the establishment of a trial-based public justice system. **Public Justice and the Criminal Trial in Late Medieval Italy** Joanna Carraway Vitiello, 2016-02-02 In *Public Justice and the Criminal Trial in Late Medieval Italy* Reggio Emilia in the Visconti Age, Joanna Carraway Vitiello examines the criminal trial at the end of the fourteenth century. Inquisition procedure in which a powerful judge largely controlled the trial process was in regular use in the criminal court at Reggio. Yet during the period considered in this study, technical procedural developments combined with the political realities of the town to create a system of justice that prosecuted crime but also encouraged dispute resolution. Following the stages of the process including investigation, denunciation, the weighing of evidence and the verdict, this study investigates the court's complex role as a vehicle for both personal justice and prosecution in the public interest.
