## **Medical Revolutionaries The Enslaved Healers Of Eighteenth Century Saint Domingue:**

**Medical Revolutionaries** Karol Kimberlee Weaver,2006 Medical Revolutionaries highlights how slave healers inspired the Haitian Revolution toppled the slave system and led to the loss of France s most productive New World economy

**Beyond the Slave Narrative** Deborah Jensen,2011-01-01 This is an introduction to the Afro diasporic literature of the Haitian revolution It frames the unique contributions to anti colonial thought of Haitian general Jean Jacques Dessalines and other singular Haitian voices

**Slavery's Medicine** Claire E. Gherini,2025-08-22 Healthcare and hierarchy in Caribbean plantation slavery From their inception British Caribbean sugar plantations generated wealth on the basis of nightmarish systems of labor exploitation where illness was a constant of enslaved life Then in the second half of the eighteenth century plantation owners tried to improve plantation slavery targeting medicine and healing But rather than improve rates of illness they sought instead to make the work of medicine and care more economically predictable and efficient and to hurry the sick back to work Healthcare became an arena for contests for power as people struggled with one another over the terms of their work and how they recovered from illness Slavery s Medicine uses a rich and substantial archival base to document the experiences of the sick managers doctors absentee plantation owners enslaved healers and medical advice authors in this new modern system of body management Modern medicine ultimately sustained hierarchies among enslaved people and middling whites Yet modern medicine also encouraged acts of resistance It was therefore the creation of proprietors as well as enslaved men and women themselves

**Rituals, Runaways, and the Haitian Revolution** Crystal Nicole Eddins,2022-04-21 A new analysis of the origins of the Haitian Revolution revealing the consciousness solidarity and resistance that helped it succeed

Healing Knowledge in Atlantic Africa Kalle Kananoja,2021-02-04 Kananoja demonstrates how medical interaction in early modern Atlantic Africa was characterised by continuous knowledge exchange between Africans and Europeans

**Women Healers** Susan H. Brandt,2022-04-15 In her eighteenth century medical recipe manuscript the Philadelphia healer Elizabeth Coates Paschall asserted her ingenuity and authority with the bold strokes of her pen Paschall developed an extensive healing practice consulted medical texts and conducted experiments based on personal observations As British North America s premier city of medicine and science Philadelphia offered Paschall a nurturing environment enriched by diverse healing cultures and the Quaker values of gender equality and women s education She participated in transatlantic medical and scientific networks with her friend Benjamin Franklin Paschall was not unique however Women Healers recovers numerous women of European African and Native American descent who provided the bulk of health care in the greater Philadelphia area for centuries Although the history of women practitioners often begins with the 1850 founding of Philadelphia s Female Medical College the first women s medical school in the United States these students merely continued the legacies of women like Paschall Remarkably though the lives and work of early American female practitioners have gone largely unexplored While some sources depict these women as amateurs whose

influence declined Susan Brandt documents women s authoritative medical work that continued well into the nineteenth century Spanning a century and a half *Women Healers* traces the transmission of European women s medical remedies to the Delaware Valley where they blended with African and Indigenous women s practices forming hybrid healing cultures Drawing on extensive archival research Brandt demonstrates that women healers were not inflexible traditional practitioners destined to fall victim to the onward march of Enlightenment science capitalism and medical professionalization Instead women of various classes and ethnicities found new sources of healing authority engaged in the consumer medical marketplace and resisted physicians attempts to marginalize them Brandt reveals that women healers participated actively in medical and scientific knowledge production and the transition to market capitalism

**Entangled Alliances** Ronald Angelo Johnson,2025-10-15 *Entangled Alliances* is a reinterpretation of the American Revolution through analysis of diplomacy in the emerging United States during decades of hemispheric transformation Ronald Angelo Johnson brings to light the fascinating story of American patriots and rebels from Saint Domingue later Haiti allying against European tyranny The American Revolution occurred between two of the greatest achievements in diplomacy of the eighteenth century the peace treaties at Paris in 1763 and 1783 In *Entangled Alliances* Johnson draws on original multilingual sources to offer readers fresh lively stories in a timely study While modern understandings of freedom are often linked to the US Declaration of Independence Johnson argues that the desire of Black Atlantic inhabitants for liberty and their will to resist slavery predated the fateful standoff between minutemen and redcoats at Lexington and Concord *Entangled Alliances* is a US history of the American Revolution fusing the search for freedom by Black and white founders in the United States and Saint Domingue into a coherent story of collective resistance during the most explosive twenty year period of the eighteenth century

**Poisoned Relations** Chelsea Berry,2024-09-17 *Illuminates the competing understandings of poison and power in the Atlantic world* By the time of the opening of the Atlantic world in the fifteenth century Europeans and Atlantic Africans had developed significantly different cultural idioms for and understandings of poison Europeans considered poison a gendered weapon of the weak while Africans viewed it as an abuse by the powerful Though distinct both idioms centered on fraught power relationships When translated to the slave societies of the Americas these understandings sometimes clashed in conflicting interpretations of alleged poisoning events In *Poisoned Relations* Chelsea Berry illuminates the competing understandings of poison and power in the Atlantic World Poison was connected to central concerns of life to the well being in this world for oneself and one s relatives to the morality and use of power and to the fraught relationships that bound people together The social and relational nature of ideas about poison meant that the power struggles that emerged in poison cases while unfolding in the extreme context of slavery were not solely between enslavers and the enslaved they also involved social conflict within enslaved communities *Poisoned Relations* examines more than five hundred investigations and trials in four colonial contexts British Virginia French Martinique Portuguese Bahia and the Dutch Guianas bringing a groundbreaking

application of historical linguistics to bear on the study of the African diaspora in the Americas Illuminating competing understandings of poison and power in this way Berry opens new avenues of evidence through which to navigate the violence of colonial archival silences     *The Journal of African American History* ,2006     American Book Publishing Record ,2005

*The William and Mary Quarterly* ,2006     **The Oxford Encyclopedia of African Thought** Abiola Irele,2010 From St Augustine and early Ethiopian philosophers to the anti colonialist movements of Pan Africanism and Negritude this encyclopedia offers a comprehensive view of African thought covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse philosophy political thought religion literature important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience The Encyclopedia is a large scale work of 350 entries covering major topics involved in the development of African Thought including historical figures and important social movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study     British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain ,2007     **Black Women, Gender & Families** ,2007     **Women and Slavery: The modern Atlantic** Gwyn Campbell,Suzanne Miers,Joseph Calder Miller,2007 The particular experience of enslaved women across different cultures and many different eras is the focus of this work
