The Sword and the Grail Andrew Sinclair,2002 The discovery of a tombstone built by his ancestors set Andrew Sinclair on a trail that was to lead to major re assessments not only of our understanding of the discovery of America but also of the origins of the Freemasons and their role in world history Based on stunning new archaeological evidence both in the UK and the USA The Sword and the Grail details the part played by the Order of the Knights of the Templar here proved to be the true antecedents of the Freemansons in the discovery of America As they fled the authorities who wished to destroyed them some of the outlawed Templars carried their treasure to St Clair Castle where the knights relics are still buried The tomb of their St Clair Grand Master with the Grail carved on his stone lies in Rosslyn the core chapel of the Masonic movement With the help of the sea skills and wealth of the Templars the St Clair Grand Master tried to found a new Jerusalem in the New World landing with 300 colonists first in what is now Nova Scotia and then in New England more than 90 years before Columbus Twenty-First Century Grail Andrew Collins,2011-07-18 What would happen if someone were charged with a modern day quest to find the Holy Grail What mysteries would they uncover Where might their journey lead them and would they find the true Grail The Holy Grail the cup of the Last Supper used to collect the Holy blood of Jesus has a darker side than the one we know from mediieval romance Andrew Collins one of the foremost alternative history writers in Britain today discovers extaordinary new evidence about the true origins of this sacred vessel unveiling a 2000 year old secret teaching passed down from the time of Christ concerning the dual role played in the foundation of the Christian Church by Mary Magdalene and John the Evangelist These forbidden teachings were suppressed by the Church of Rome yet they managed to survive as part of an underground stream of knowledge kept alive by the Cathar heretics of the French Languedoc the Knights Templar Renaissance painters and modern occultists such as Aleister Crowley This gripping personal quest into the cryptic and shadowy world of arcane societies and esoteric knowledge takes the reader on a journey of visions and mystery before culminating in a dramatic conclusion Herein lies the colourful and passionate story of strange Gnostic sects and the dark side of Catholic history Twenty First Century Grail kicks the Grail legend into modern era and redefines it s boundaries for a new generation **Secrets of the Knights Templar** Susie Hodge,2013-08-29 The Knights Templar are one of the most secretive and powerful religious orders in history for over two centuries they were the elite fighting force of the

Crusades Highly trained and adhering to a strict chivalric code their success on the battlefield brought them both wealth and political influence But it is the legends and secrecy surrounding the order and its Grand Masters that continue to fascinate historians and general readers alike Secrets of the Knights Templar examines each of these mysteries in turn to reveal the truth about the Knights secret practices rituals and codes as well as the continued influence of the Templars today From the true location of the Holy Grail to the Templars involvement in the Battle of Bannockburn and from the sudden downfall of the order to modern day claims of descent S J Hodge uncovers the hidden links behind the stories and separates historical fact from fiction
