The New Localism Bruce Katz, Jeremy

Nowak,2018-01-09 The New Localism provides a roadmap for change that starts in the communities where most people live and work In their new book The New Localism urban experts Bruce Katz and Jeremy Nowak reveal where the real power to create change lies and how it can be used to address our most serious social economic and environmental challenges Power is shifting in the world downward from national governments and states to cities and metropolitan communities horizontally from the public sector to networks of public private and civic actors and globally along circuits of capital trade and innovation This new locus of power this new localism is emerging by necessity to solve the grand challenges characteristic of modern societies economic competitiveness social inclusion and opportunity a renewed public life the challenge of diversity and the imperative of environmental sustainability Where rising populism on the right and the left exploits the grievances of those left behind in the global economy new localism has developed as a mechanism to address them head on New localism is not a replacement for the vital roles federal governments play it is the ideal complement to an effective federal government and currently an urgently needed remedy for national dysfunction In The New Localism Katz and Nowak tell the stories of the cities that are on the vanguard of problem solving Pittsburgh is catalyzing inclusive growth by inventing and deploying new industries and technologies Indianapolis is governing its city and metropolis through a network of public private and civic leaders Copenhagen is using publicly owned assets like their waterfront to spur large scale redevelopment and finance infrastructure from land sales Out of these stories emerge new norms of growth governance and finance and a path toward a more prosperous sustainable and inclusive society Katz and Nowak imagine a world in which urban institutions finance the future through smart investments in innovation infrastructure and children and urban intermediaries take solutions created in one city and adapt and tailor them to other cities with speed and precision As Katz and Nowak show us in The New Localism Power now belongs to the problem solvers *Stories of Caring School Leadership* Mark A. Smylie,Joseph F. Murphy,Karen Seashore Louis,2020-07-29 Real life examples to inform and inspire caring in your leadership practices The practice of caring is essential to effective schooling Published as a companion to Caring School Leadership this comprehensive resource of powerful real life stories will make clear the connection between caring leadership and student academic success and well being Stories of Caring School Leadership includes a guide for using the stories in self directed reflection and learning for educators practicing in schools and professional preparation programs Readers will find stories that will help aspiring and practicing leaders reflect upon and further develop caring as a quality of their leadership affirm the importance of caring as a fundamental quality of school leadership provide examples of caring school leadership in action that can be analyzed reflected upon and used to develop practice Stories have the power to inform and inspire The stories in this book are evidence of what is possible when caring leadership is practiced in our schools Inside the Cell Erin E Murphy,2015-10-06 Josiah Sutton was convicted of rape He was five inches shorter and 65 pounds lighter than the suspect described by the victim but at trial a lab analyst testified that his DNA was found at the crime scene His case looked like

many others arrest swab match conviction But there was just one problem Sutton was innocent We think of DNA forensics as an infallible science that catches the bad guys and exonerates the innocent But when the science goes rogue it can lead to a gross miscarriage of justice Erin Murphy exposes the dark side of forensic DNA testing crime labs that receive little oversight and produce inconsistent results prosecutors who push to test smaller and poorer quality samples inviting error and bias law enforcement officers who compile massive unregulated and racially skewed DNA databases and industry lobbyists who push policies of stop and spit DNA testing is rightly seen as a transformative technological breakthrough but we should be wary of placing such a powerful weapon in the hands of the same broken criminal justice system that has produced mass incarceration privileged government interests over personal privacy and all too often enforced the law in a biased or unjust manner Inside the Cell exposes the truth about forensic DNA and shows us what it will take to harness the power of genetic identification in service of accuracy and fairness **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles
