Commonwealth Papers University of London. Institute of Commonwealth Studies,1989 **The Founders** André Odendaal,2012 The African National Congress was founded a hundred years ago in January 1912 But the roots of the ANC run even deeper in South African history In fact the ANC's founding was the culmination of more than sixty years of organisation by a new class of African modernisers Collected Seminar Papers ,1988 *Pleasure, Profit, Proselytism* J A Mangan,2020-07-24 This book examines aspects of sport which Britain nurtured within its own culture and also transmitted to overseas territories with the expansion of empire *The Rise of an African Middle Class* Michael O. West,2002-08-19 An in depth look at Africans who challenged the status quo in colonial Zimbabwe Impeccable and original scholarship American Historical Review Tracing their quest for social recognition from the time of Cecil Rhodes to Rhodesia's unilateral declaration of independence Michael O West shows how some Africans were able to avail themselves of scarce educational and social opportunities in order to achieve some degree of upward mobility in a society that was hostile to their ambitions Though relatively few in number and not rich by colonial standards this comparatively better off class of Africans challenged individual and social barriers imposed by colonialism to become the locus of protest against European domination This extensive and original book opens new perspective into relations between colonizers and colonized in colonial Zimbabwe Offers an extremely sophisticated nuanced view of the social and political construction of an African middle class in colonial Zimbabwe Elizabeth Schmidt **Hidden Struggles in Rural South Africa** William Beinart,Colin Bundy,1987-01-01

Victoria's Generals Steven J. Corvi,Ian F. W. Beckett,2009-09-19 The senior British generals of the Victorian era men like Wolseley Roberts Gordon and Kitchener were heroes of their time As soldiers administrators and battlefield commanders they represented the empire at the height of its power But they were a disparate sometimes fractious group of men They exhibited many of the failings as well as the strengths of the British army of the late nineteenth century And now when the Victorian period is being looked at more critically than before the moment is right to reassess them as individuals and as soldiers This balanced and perceptive study of these eminent military men gives a fascinating insight into their careers into the British army of their day and into a now remote period when Britain was a world power **African Language Studies** ,1961 The Dead Will Arise Jeffrey B.
