

The background of the book cover is a highly detailed, colorful illustration of a grand cathedral interior, likely St. Peter's Basilica. The scene shows the nave with its massive columns, arches, and a vaulted ceiling adorned with intricate frescoes. In the foreground, a large, ornate organ is visible on the left. The floor is covered with a patterned carpet, and there are figures of people in period clothing scattered throughout the space. A large, white, stylized script word 'Opera' is superimposed over the upper half of the illustration, with a white line looping around it.

Hjalta³n, Thomas Hill Jamieson, 1874 A History of Opera Carolyn Abbate, Roger Parker, 2012-11-01 Opera is in many ways the most extraordinary artistic medium of the last four hundred years Prohibitively expensive and patently unrealistic it can nevertheless paint the human passions with astonishing power and drama This book the first new full length single volume history of opera for more than a generation provokes in depth discussions of many works by the greatest opera composers from Monteverdi Handel and Mozart to Verdi and Wagner to Strauss Puccini Berg and Britten There are lively discussions of opera's social political and literary background its economic circumstances and the almost continual polemics that have accompanied its development through the centuries Central to the book is an exploration of the tensions that have always sustained and enlivened opera Abbate and Parker examine the problems that opera has faced in the last half century when new works which were once opera's life blood have shrunk to a tiny minority have largely failed to find a permanent place in the repertoire Yet the book's final message is one of celebration Even if the majority of opera's most popular and enduring works were written in what is now a remote European past in circumstances very different from our own and the viability of contemporary opera is ever more in question opera as an art form remains extraordinarily buoyant and challenging It continues to transform people physically emotionally and intellectually and to articulate human experience in ways no other art form can match
