Power to the Players Rob Smat, 2023-11-21 Prepare yourself for the ultimate expos of the retail trading revolution The sea shanties YOLOs and red bandanas were just the beginning Did you know Robinhood didn't actually initiate the infamous trading halt Or why Redditors refer to 2021 as the sneeze rather than the squeeze And what if I told you that some shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and discover why GameStop was only the beginning of an even more unprecedented retail contagion one that will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit's blade was in fact poisoned In a digital world where information is frequently deleted revised and buried accurately piecing together events is nearly impossible While other authors and journalists have understandably struggled Rob Smat offers a clear and unfiltered account having witnessed every twist of the GameStop phenomenon firsthand *Power to the Players* is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were merely a nuisance to the status quo Now they're poised to upend it completely

Brandstorm: Surviving and Thriving in the New Consumer-Led Marketplace Liz Nickles, Savita Iyer, 2012-11-13 Branding has become ubiquitous with new brands becoming word of mouth successes literally overnight and many welcome the easy familiarity they bring to daily life But now brand proliferation is threatening not only to stifle true choice in the marketplace but to render hard won brand identities some decades in the making meaningless With today's unprecedented access to thousands of brands a day via Twitter Facebook and the rest the balance of brand power is shifting irrevocably away from the businesses behind them In Brandstorm branding guru Liz Nickles argues that as a result the brand is no longer a value proposition in itself and that marketers and brand managers must stop the dilution and focus on meaningful market specific reinvention for those brands that can stand the test of time She offers the success secrets behind leading brands like Ralph Lauren Justin Bieber and Revlon and how to channel them today
