- **Marketing** is a study of the principles concerned with:
 - selling and selling techniques ("salesmanship")
 - how to increase the production of customers
 - sales, services and advertising that help to produce sales
 - promotion and advertising techniques that help to increase production
 - how to sell products to customers that have sales force agents

There is a general absence of the traditional markers of stratification in the data, and they show that these three groups of people have similar levels of education. This is consistent with the findings of the 2011 census, which found that the average level of education was similar across all three ethnic groups. These figures indicate that there is no significant difference in the average level of education between these three groups. The 2011 census also found that the average level of education was similar across all three ethnic groups.
