Marijuana Outdoor Grower's Guide S. T. Oner,2023-04-11 As unnerving as the unpredictable elements can be the great outdoors is the best place to grow anything even somewhat high maintenance plants like marijuana With all the things that can go wrong in cannabis cultivation climate controlled indoor growing might seem like the safer option but Marijuana Outdoor Grower s Guide proves that notion wrong Plus what gardener doesn t want to brag about their all natural grow Carefully stripped down to the need to know basics the Marijuana Outdoor Grower s Guide aims to make outdoor growing easy for first time growers This book is for the hobbyist looking to grow a couple of plants in the backyard so it avoids the more complex and discouraging issues of large scale growing and is far more comprehensible for it While some books aim to appeal to every level of expertise the Outdoor Grower s Guide keeps it simple and straightforward even when approaching some of the more advanced techniques such as cloning S T Oner starts readers off with the pros and cons of different growing locations and ultimately demonstrates that a natural environment results in the best grow even if it requires some patience and planning However growers are not alone in the planning process as Oner guides readers through every consideration they need to make from strains and seeds to the best growing sites and set ups Oner also considers the potential security risks of growing marijuana outdoors and gives readers the tools necessary for concealing their cannabis cultivation and more importantly their harvesting With all of the preparation advice out of the way Oner provides readers with additional guidance through the germination process as well as some tips on how to best care for young marijuana plants such as watering and pruning methods Keeping in line with the goal of an all natural grow Oner supplies readers with some natural methods of pest control including using companion plants using predators as deterrents or even making an organic insecticide Readers don t need to have experience in looking for the fine differences in detail of bird plumage or be familiar with flower anatomy in order to sex their plants either thanks to S T Oner s thorough walk through of the sexing process and the guide s detailed photographs Since this is a rather significant step in cannabis cultivation at least if growers want to enjoy the fruits of their labour it is a

relief for beginners to have such in depth guidance Oner s thoughtfulness remains obvious as he gives readers tips on how to avoid or address some of the challenges of growing and how to increase plant vitality The issues that growers would likely find most concerning about growing outdoors such as protecting the plants from wind or excess water from storms are well addressed without overcomplicating the issue for small time growers looking to lessen the stress Even when providing guidance on more advanced issues like cloning Oner avoids pushing the reader too far He keeps explanations simple and to the point so that readers can get the best possible plants for their little garden Solutions to potentially complex problems like nutrient disorders are also provided in a way that is easy to understand Every aspect of the Marijuana Outdoor Grower s Guide is designed to keep complications to a minimum and increase the pay off for inexperienced growers looking to start small
