**Capital Budgeting Valuation** H. Kent Baker, Philip English, 2011-05-04 An essential guide to valuation techniques and financial analysis With the collapse of the economy and financial systems many institutions are reevaluating what they are willing to spend money on Project valuation is key to both cost effectiveness measures and shareholder value The purpose of this book is to provide a comprehensive examination of critical capital budgeting topics Coverage extends from discussing basic concepts principles and techniques to their application to increasingly complex real world situations Throughout the book emphasizes how financially sound capital budgeting facilitates the process of value creation and discusses why various theories make sense and how firms can use them to solve problems and create wealth Offers a strategic focus on the application of various techniques and approaches

related to a firm's overall strategy. Provides coverage of international topics based on the premise that managers should view business from a global perspective. Emphasizes the importance of using real options. Comprised of contributed chapters from both experienced professionals and academics. Capital Budgeting Valuation offers a variety of perspectives and a rich interplay of ideas related to this important financial discipline. *Fundamentals of Financial Management* James C. Van Horne, John Martin Wachowicz, 2008. Intended as an introductory course this text contains updated institutional material which is international in scope and deals with the effects of electronic commerce. It provides tips, questions and answers and special features. **Corporate Financial Analysis** Diana R. Harrington, 2001. This paperback text emphasizes the financial concepts and tools essential for understanding the financial impacts of business decisions. Harrington uses current examples of actual business situations to demonstrate how financial tools, concepts and theories can be used by managers to improve decision making and enhance business performance. The text has a global emphasis with an equal number of domestic and international examples. The author includes a discussion of international financial statements and the financial impacts of changes in foreign exchange rates. The book's major appeal is its direct, concise and no-nonsense approach to understanding both the basics of finance and current financial concepts which allows even non-financial managers to understand financial analysis. **Managing Global Finance in the Digital Economy** Francisco Carrada-Bravo, 2003-06-30. Table of contents.
