

MUTANTS & MYSTICS

*SCIENCE FICTION, SUPERHERO
COMICS, AND THE PARANORMAL*

JEFFREY J. KRIPAL

Mutants Mystics Science Superhero Paranormal

Rodney Sappington, Tyler Stallings

Mutants Mystics Science Superhero Paranormal:

Mutants & Mystics Jeffrey J. Kripal, 2011-09-30 In many ways twentieth century America was the land of superheroes and science fiction From Superman and Batman to the Fantastic Four and the X Men these pop culture juggernauts with their powers and abilities far beyond those of mortal men thrilled readers and audiences and simultaneously embodied a host of our dreams and fears about modern life and the onrushing future But that's just scratching the surface says Jeffrey Kripal In *Mutants and Mystics* Kripal offers a brilliantly insightful account of how comic book heroes have helped their creators and fans alike explore and express a wealth of paranormal experiences ignored by mainstream science Delving deeply into the work of major figures in the field from Jack Kirby's cosmic superhero sagas and Philip K Dick's futuristic head trips to Alan Moore's sex magic and Whitley Strieber's communion with visitors Kripal shows how creators turned to science fiction to convey the reality of the inexplicable and the paranormal they experienced in their lives Expanded consciousness found its language in the metaphors of sci fi incredible powers unprecedented mutations time loops and vast intergalactic intelligences and the deeper influences of mythology and religion that these in turn drew from the wildly creative work that followed caught the imaginations of millions Moving deftly from Cold War science and Fredric Wertham's anticomics crusade to gnostic revelation and alien abduction Kripal spins out a hidden history of American culture rich with mythical themes and shot through with an awareness that there are other realities far beyond our everyday understanding A bravura performance beautifully illustrated in full color throughout and brimming over with incredible personal stories *Mutants and Mystics* is that rarest of things a book that is guaranteed to broaden and maybe even blow your mind *A New Gnosis* David M.

Odorisio, 2023-01-01 Superhero phenomena exploded into 20th and 21st century popular culture by way of the visual medium of comic books In an increasingly secular yet spiritual culture that has largely renounced the gods and even religion what does the return of the superhero through our own pop cultural mythologies say to us or even about us This collection of essays from leading and up and coming scholars in the fields of comparative mythology and depth psychology considers the return of the superhero as representative of our own unique emergent modern mythology a wildly diverse pantheon that reflects back to us our most far reaching hopes and impossible super human desires In placing the interpretive tools of comparative mythology and depth psychology alongside the comic book phenomenon a super powered palette emerges that unveils the hidden potential of modern readers own heightened imaginations The essays in this anthology examine select comic book and superhero characters from the Silver Age 1960s through contemporary 21st century adaptations and innovations as readers are invited to discover and uncover what the re emergence of these perennial gods and goddesses have to say about our own secret super selves today **Mutants, Androids, and Aliens** James A. Tyner, 2025-05-19 In both literature and film mutants androids and aliens have long functioned as humanity's Other nonhuman bodies serving as surrogates to explore humanity's prejudice bigotry and hatred Scholars working in fields of feminism ethnic studies queer

studies and disability studies among others have deconstructed representations of the Othered body and the ways these fictional depictions provide insight into the contested terrains of identity subjectivity and personhood In science fiction more broadly and the superhero genre in particular the fictional Other often a superhero or a villain is juxtaposed against the normal human and such Others have long been the subject of academic investigation Author James A Tyner shifts this scholarly focus to consider the ordinary humans who ally with or oppose Othered superheroes Law enforcement officers military officials politicians and the countless nameless civilians are all examples of humans who try to make sense of a rapidly changing more than human and other than human universe The resulting volume *Mutants Androids and Aliens On Being Human in the Marvel Cinematic Universe* provides a critical posthumanist reading of being human in the Marvel Cinematic Universe MCU Centering the MCU s secondary human characters including Matthew Ellis Ellen Nadeer Rosalind Price as well as Jimmy Woo Sadie Deever Holden Radcliffe and others Tyner considers how these characters attempt to monitor incarcerate or exterminate those beings considered unnatural and thus threatening Placing into conversation posthumanism environmental ethics and myriad philosophical and biological ontologies of life and death Tyner maintains that the superhero genre reflects the current complexities of meaningful life and of what happens in society when the human is no longer the unquestioned normative standard

American Theological Inquiry, Volume Five, Issue One Gannon Murphy, 2012-01-20 American Theological Inquiry ATI reaches thousands of Christian scholars clergy and other interested parties primarily in the U S and U K The journal was formed in 2007 by Gannon Murphy PhD Theology Univ Wales Lampeter Presbyterian Reformed and Stephen Patrick PhD Philosophy Univ Illinois Eastern Orthodox to open up space for Christian scholars who affirm the Ecumenical Creeds to contribute research throughout the broader Christian scholarly community in America and the West The purpose of ATI is to provide an inter tradition forum for scholars who affirm the historic Ecumenical Creeds of Christendom to constructively communicate contemporary theologies developments ideas commentaries and insights pertaining to theology culture and history toward reforming and elevating Western Christianity ATI seeks a critical function as much or more so as a quasi ecumenical one The purpose is not to erase or weaken the distinctives of the various ecclesial traditions but to widen the dialogue and increase inter tradition understanding while mutually affirming Christ s power to transform culture and the importance of strengthening Western Christianity with special reference to Her historic creedal roots Theologians would be theologians and the theologically attentive will want to check out American Theological Inquiry Richard John Neuhaus 1936 2009 First Things

Gothicka Victoria Nelson, 2012-04-23 The Gothic has taken a revolutionary turn in this century Today s Gothic has fashioned its monsters and devils into heroes and angels and is actively reviving supernaturalism in popular culture Nelson argues that this mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post Christian religion in America might look like

Secret Body Jeffrey J. Kripal, 2022-12-22 An academic memoir addresses topics as diverse as Hindu Tantra Christian mysticism American

counterculture and the history of the paranormal Los Angeles Review of Books Over the course of his twenty five year career Jeffrey J Kripal's study of religion has had two major areas of focus the erotic expression of mystical experience and the rise of the paranormal in American culture This book brings these two halves together in surprising ways through a blend of memoir manifesto and anthology drawing new connections between these two realms of human experience and revealing Kripal's body of work to be a dynamic whole that has the potential to renew and reshape the study of religion Kripal tells his story biographically historically and politically contextualizing each of the six books of his Chicago corpus from Kali's Child to Mutants and Mystics all the while answering his censors and critics and exploring new implications of his thought In the process he begins to sketch out a speculative new comparativism in twenty theses The result is a new vision for the study of religion one that takes in the best of the past engages with outside critiques from the sciences and the humanities and begins to blaze a new positive path forward A major work decades in the making Secret Body will become a landmark in the study of religion Kripal presents us with a compilation of theories cultural references and anecdotes making up an impassioned thesis about the future of religious studies and what human beings may become For all its eccentricities Kripal's work is playful engaging and original Times Higher Education

Ghosts, Spirits, and Psychics Matt Cardin, 2015-07-28 This fascinating work provides a complete overview of paranormal phenomena including the beliefs attitudes and notable figures who have attempted to explain defend or debunk the mysteries behind the unknown Recent interest in the paranormal as pop culture fodder belies its historical status as an important subject of cultural philosophical and scientific significance This book traces the trajectory of paranormal studies from its early role as a serious academic and scientific topic studied by mainstream scientists and eminent scholars to its current popularity in books film and TV This compelling reference work details the experiences encounters and ideas that make up this controversial field of study The contributed entries examine the broad phenomena of the paranormal addressing the history of scientific investigations along with its contemporary media depictions to illustrate the evolution of cultural attitudes about the paranormal A selection of primary documents provides real life accounts and contributions from noted experts that explore the full scope of themes from spiritualism to poltergeists to astrology Accompanying images timelines quotations and sidebars make the content come to life and encourage alternative explanations of these events

Sensing the Future Trish MacGregor, Rob MacGregor, 2017-01-10 Discover Your Untapped Potential to Predict the Future Have you ever had a hunch that became reality You may be ignoring signs from the universe about what is to come Trish and Rob MacGregor authors and founders of the blog Synchro Secrets explain how to train your brain and recognize signs in order to enhance your innate precognitive abilities Over 400 years ago Nostradamus wrote predictions that are still relevant and even today there are those who experience dreams and physical symptoms prior to catastrophic events such as 9 11 Whether you have had prophetic dreams about a loved one or wish to learn more about these mysterious abilities Sensing the Future will show you how to harness the power of your intuition We

all have the ability to predict the future if we open ourselves up to the signs of the universe Religion and American Cultures Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the none those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary primary source documents *The Writers Directory*, 2013 *Uncontrollable Bodies* Rodney Sappington, Tyler Stallings, 1994 This collection of original writings and artwork challenges commonly held definitions of the body Essays by filmmakers poets visual and performance artists sex workers activists and cultural critics autobiography critical theory out post **The Slings & Arrows Comic Guide** Frank Plowright, 2003 Reviews and analyses of over 5000 titles from the 1930s to date Every comic of note from the past fifty years is included in this comprehensive guide to American comics From the underground to children's comics autobiography to fantasy *The Encyclopedia of Super Villains* Jeff Rovin, 1987 Alphabetically listed and crossreferenced Who's Who Style biographies of nearly 1000 evil and ruthless characters from mass media Creature Features John Stanley, 2000-08 Updated to include the most movie mega hits this sci fi fantasy and horror movie guide has it all the shockers schlockers blockbusters bombs cult faves rare gems classics groundbreakers gorefests space operas sorcery Euro splatter and everything in between The Gamer, 1981 **The Standard Periodical Directory**, 1993 New Mutants: Dead Souls Matt Rosenberg, 2018-10-10 Collecting New Mutants Dead Souls 1-6 They aren't the X Men in training anymore The New Mutants are launching themselves headfirst into some of the creepiest corners of the Marvel Universe going on the missions no one else will But does they know what they're really hunting for The enigmatic Magik leads Wolfsbane Rictor Boom Boom and Strong Guy into battle with paranormal threats that might just tear

them apart Braving an Arctic research base where everyone has mysteriously died Helping a scared boy alone in the woods Attempting to save a crashing plane with the passengers trying to stop them Breaking into Doctor Strange s Sanctum Sanctorum And attending a funeral for one of their own All the while the New Mutants wonder what their true mission is and what they finally discover will shake them to their core **The Ghost and the Darkness** John Byrne,2011-09 Humanity is at a crisis point With ordinary humans terrified of their mutant neighbours Professor Charles Xavier has a vision of a future where everyone can live side by side Transforming his home into a school for young mutants he uses his incredible mental powers to show them how to master their extraordinary abilities and mould them into a formidable fighting team Back cover
