The Holy Trinity and the Law of Three Cynthia Bourgeault, 2013-07-09 Just as she's done in her previous books Cynthia Bourgeault asks us to take a look at an idea from traditional Christianity this time the formula of Father Son and Holy Spirit as though we're looking at it for the first time And as usual she reveals it to be something we hadn't expected at all She finds in the idea of the Holy Trinity a striking vision of the nature of reality What she claims in a nutshell is that embedded within this theological formula that Christians recite mostly on autopilot lies a powerful metaphysical principle that could change our understanding of Christianity and give us the tools so long and so sorely needed to reunite our shattered cosmology rekindle our visionary imagination and cooperate consciously with the manifestation of Jesus's Kingdom of Heaven here on earth She looks to the history of Christian theology to her own years of contemplative practice and to the ideas of G I Gurdjieff Her tone is as ever as accessible as it is compelling and it's a wild ride I will do my

best to make the ride as smooth as possible she says but in the end my commitment is to getting there because I know beyond all personal doubt that there is indeed a ham radio concealed inside this Trinitarian tea cupboard And in the midst of this long winter of our Christian discontent when spiritual imagination and boldness are at an all time low and the church itself hovers at the edge of demise for lack of an animating vision perhaps now more than ever the time is ripe to remove the packing boards from this tea cupboard and release its contents **Leadership by the Number** Jon E.
