Foundational Yoga Flow Collette Ouseley-Moynan, Weston Carls, 2024-07-31 Embrace the foundations of your hatha yoga practice through gorgeous photos that capture the natural beauty of the asana. *Foundational Yoga Flow* boasts a comprehensive collection of 90 poses segmented into three parts: Awaken, warming and foundational poses as you start to move; Deepen, standing hand balancing, inversion and backbend poses that flow into each other and inspire you to challenge yourself; Soften, seated and restorative poses to end your practice. Stunning photos depict the beauty, intention and energy of each pose in relationship with the time of day in which it was photographed: during sunrise to wake up, the body awakens at midday to invigorate and energize; deepen and during sunset and nighttime for restoration; soften. Each pose is accompanied by expert instruction and insight to help you gain the most from your practice. Variations are offered to enable you to tailor your yoga practice to your own needs and abilities. Six sequences including sun salutations, moon salutations and sequences for a particular time of day showcase the poses in a flowing rhythm. If you aspire to embody the beauty of asana, let *Foundational Yoga Flow* be the captivating and enlightening guide that you'll turn to time and time again.

Practicing Yoga as Resistance Cara Hagan, 2021-04-20 Bringing together a diverse chorus of voices and experiences in the pursuit of collective bodily, emotional and spiritual liberation, *Practicing Yoga as Resistance* examines yoga as it is experienced across the Western cultural landscape through an intersectional feminist lens. Naming the systems of oppression that permeate our lived experiences, this collection and its contributors shine a light on the ways yoga practice is intertwined with these systems while offering insight into how people challenge and creatively subvert, mitigate and reframe them through their efforts. From the disciplines of yoga studies, embodiment studies, women's and gender studies, performance studies, educational studies, social sciences and social justice, the self-identified women, queer BIPOC and White allies represented in this book present an interdisciplinary tapestry of scholarship that serves to add depth to a growing assemblage of yoga literature for the 21st century.
