Penn State University approaches immigration from historical economic business and sociological perspectives in order to argue that treatment of immigrants must reflect and applaud their critical roles in supporting and leading the economic social cultural and political institutions of civil society. Approaching immigration as both a socioeconomic phenomenon and a matter of public policy, *The Danger of Devaluing Immigrants* offers demographics and statistics on workforce participation and job creation along with stories of individual immigrants' contributions to the economy and society. It supports the idea that when immigration is challenged in the political sphere we must not lose sight of the valuable contributions that immigrants have made and will continue to make to our democracy.
